*Proceedings of the Madras Government, Public Works Department,
10th July 1873.*

No. 164. Read the following letter from T. MOSS, Esq., Officiating Controller of Public Works Accounts, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Fort St. George, 19th June 1873, No. 1,447:—

In accordance with the rule prescribed in paragraph 9 of G. O., No. 2,860, dated 27th September 1865, I have the honour to submit, for the orders of Government, a bill of charges incurred by the District Engineer, Kurnool, in the conveyance of office records during March, April, and May last.

2. Mr. Fraser explains that on the occasions in question he took with him "the District Head Clerk and Accountant for the purpose of examining the accounts of the ranges and taluqs, so that a uniform system should be established, and that these two officers should become personally acquainted with the out-stations," and that in consequence "it was necessary to bring all the current records."

No. 165. ORDER THEREON, 10th July 1873, No. 1,777.

ACCOUNT, No. 8A.

His Excellency the Governor in Council does not consider the circumstances under which the charge for the conveyance of office records was incurred to be of the exceptional nature contemplated by paragraph 11 of G. O., No. 2,458, dated 23rd August 1865, and he declines therefore to pass it. A District Engineer should always be accompanied on circuit by current records.

Circulated for Orders

Mr. Ingers's change is not great, but the precedent is objectionable, and the circumstances under which it is made not of that exceptional nature contemplated in para 11 of G.O. of 20th August 1865 -

While I suppose 7th & 10th in a term of 6 weeks to 2 months in duration, the undersigned invariably devoted one part to Curatorship of Current Records, without extra charge to Govt -
