From Colonel B. E. DACON, Officiating Secretary to the Government of India, Military Department, to the Adjutant General, dated 16th May 1873, No. 598.

Furlough and Leave.

Staff Officers.

With reference to your Office memorandum No. 1,165A, "*Leave*," dated the 28th March 1873, in the case of Lieutenant-Colonel A. R. Bayly, Staff Corps, Executive Engineer, Department Public Works, I am directed to state, for the information of the Right Honourable the Commander-in-Chief, that, as that officer has already proceeded on leave on sick certificate, as appears from the fact of his applying for leave from the 22nd December last, the Government of India will not in his case insist on his appearing before a Standing Medical Committee as prescribed in paragraph 19, page 336, of the Military Regulations; the grant of furlough in India to Lieutenant-Colonel Bayly will be therefore notified in General Orders.

2. As regards the inquiry contained in the concluding portion of paragraph 1 of the memorandum under reply, I am to state that all applications for "*furlough*" in or out of India on *private affairs* should, as heretofore, come to the Military Department through the Adjutant General; but as applications from Officers embarking at Calcutta on furlough on medical

* Pending, of course, any alteration that may be ordered with reference to Military Department letter, No. 1,075, dated 7th March 1873.

certificate come direct to this Office from the Brigadier General Commanding the Presidency District, it has been decided that applications for furlough in India on medical certificate from Officers not under the Commander-in-Chief's orders should be forwarded direct to this department from the Officer Commanding the Station at which the Standing Medical Committee meets to consider the applicant's case.

3. The Officer should, in each case, appear before the nearest convenient Standing Medical Committee, and this course would be equally appropriate in the case of an officer in Civil employ obtaining from the Military Department an extension of leave obtained under the provisions of G. O., No. 613, of 1871, which would then become furlough on medical certificate.

4. The Local Governments and Administrations will be instructed accordingly.
