*Proceedings of the Madras Government, Public Works Department,
17th July 1873.*

No. 313-A. Read the following letter from Lieutenant-Colonel J. F. FISCHER, R.E., District Engineer, Godavery, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Dowlaishweram, 4th July 1873, No. 1,047:—

I HAVE the honour to bring to the notice of Government that a circular from the General Superintendent of Public Works Stores and Workshops, dated 11th June 1873, in which I am called upon to furnish by the 25th July 1873 an estimate for "Tools and Plant" required for the year 1874-75, reached this office on the 3rd July 1873, the cover in which the circular was enclosed having the Post Office impression, dated 27th June 1873, or sixteen days after the date of the circular.

2. As the above estimate will have to be compiled by this office from information obtainable from Range Officers, and as it will be impossible, therefore, to comply with the requisition of the General Superintendent within the required time, the Range Officers having scarcely time to supply my office with what is required of them, I beg, by bringing these circumstances to notice, to show the difficulty this office labours under in attending to requisitions from other offices.

No. 313-B. ORDER THEREON, 17th July 1873, No. 1,834-A.

ACCOUNT, No. 17-A.

ORDERED to be recorded. The attention of the District Engineer, Presidency, will be called to the delay pointed out by Lieutenant-Colonel Fischer.
