G.O. No.	1878	Press
B.P. No.		Mis.
404, 405		
Dated	24-7	1873.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
24th July 1873.*

No. 404. Read the following letter from Major A. M. SANDY, R.E., Principal, Thomason College, Roorkee, to Colonel G. W. WALKER, R.E., Chief Engineer, Public Works Department, dated — 1873, No. 599-C —

I HAVE the honour to request the favour of your authorizing every Executive Engineer in the department under your orders to purchase at the public expense, for the use of his office and subordinates, the "Professional Papers on Indian Engineering" of the Second Series, which are now published, with the permission of Government, at this College Press, in four quarterly numbers per annum

2. I believe that these papers are of much use to Indian Engineers, as presenting to them descriptions and drawings of the latest works in different departments of Engineering in this country, and the results of investigation, discussion, or calculation of the more difficult and important problems connected with Engineering practice in India.

3. The cost of publishing a Scientific and Professional Serial, freely illustrated by photographs, lithographs and woodcuts, is necessarily high, and the work, unless liberally supported, cannot pay its expenses. I trust, therefore, that you will feel yourself justified in authorizing the measure now proposed in the interest both of your own departmental staff and of the publication, which is of public benefit to the Engineering profession throughout the country.

No. 405. ORDER THEREON, 24th July 1873, No. 1,878.

ESTABLISHMENT, No. 48.

His Excellency the Governor in Council is pleased to authorize the purchase of one copy of each issue of the "Professional Papers on Indian Engineering" of the Second Series by District Engineers, for circulation among their subordinates and for future reference.

(True Extract.)

Colonel, R.E.,
Secretary to Government.

To District Engineers.

To the Executive Engineer, Wynaad.
