Proceedings of the Madras Government, Public Works Department, 6th January 1873.

No. 35. Read the following letter from the Officer in charge of District Engineer's Office, North Arcot, to the Secretary to Government, Public Works Department, dated Madras, 10th December 1872, No. 42:—

I HAVE the honour to request that the services of extra Overseers sanctioned in G. O., No. 1,635, of 6th July 1872, may be allowed to continue till 31st March.

2. The very unusual and heavy falls of rain from which we have suffered lately have not only delayed the completion of work but have caused damage both to work in progress and to other tanks. I hope the loss of revenue will be very small, but to prevent this, we have been obliged to keep water in the tanks which we were repairing then, and the Members of the Department have had to work very hard to keep up the measurement with the progress made and the occupation of the pits by water or cultivation.

No. 35-A. ORDER THEREON, 6th January 1873, No. 18-A.

ESTABLISHMENT, No. 2. SANCTIONED.
