Dated	28. 7	1873:

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
28th July 1873.*

No. 452. Read the following letter from Captain J. L. L. MORANT, R.E., District Engineer, Neilgherries, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated — June 1873, No. 83:—

I HAVE the honour to forward two estimates for the road from the Fern Hill bridge at Coonoor to the Lady Canning's seat.

2. One estimate, amounting to Rupees 5,700, was framed last January from detailed measurements carefully taken, since then nothing has been done to the road. This estimate only provides for a good riding road 9 feet wide. The other estimate, amounting to Rupees 9,300, has been (to save time) derived proportionately from the former one, and provides for a road 12 feet wide fit for carriages and carts.

3. The proprietor for Brooklands, through which the line passes, has been asked to consent to the road being made through his property. The road is a little under five miles long. The estimates are rather large, owing to the great amount of rock which the road meets with.

4. Rupees 6,000 could be expended on this road during the current official year.

No. 453. ORDER THEREON, 28th July 1873, No. 1,902.

CIVIL WORKS, No. 25.

THE estimate for opening Lady Canning's road to a minimum width of 9 feet, revised to Rupees 6,000 in amount, to include compensation, is sanctioned; and the work may be set in hand in anticipation of an allotment of Rupees 3,500 from Provincial Funds.
