*Proceedings of the Madras Government, Public Works Department,
29th July 1873.*

Read the following papers —

No. 462. Endorsement of the Officiating Controller of Public Works Accounts, dated Fort St George, 12th July 1873, No. 2,087 —

From Lieutenant-Colonel J F FISCHER, R E, District Engineer, Godavery, to T. MOSS, Esq., Officiating Controller of Public Works Accounts, dated Dowlaishweram, 5th May 1873, No 407.

I HAVE the honour to enclose an account sale of five wooden boats belonging to No 1 Range, Godavery, which having been reported by the Range Officer as unserviceable, were ordered by me to be disposed off by public auction

2 I now request you will be good enough to obtain the sanction of Government to write off to "Profit and Loss" the difference between the sale proceeds and the original value of the boats, viz, Rupees 1,380

SUBMITTED for the orders of Government. As it appears from subsequent correspondence that the value of the articles was charged originally to the Budget grant for "Tools and Plant," it will be sufficient to write the articles off the balance return of tools, crediting the sale proceeds as a Public Works receipt.

(Signed) T. MOSS,
Offg Controller of P. W. Accounts.

From Lieutenant-Colonel J F FISCHER, R E, District Engineer, Godavery, to T MOSS, Esq., Officiating Controller of Public Works Accounts, dated Dowlaishweram, 21st June 1873, No 915

WITH reference to your letter of the 20th May last, No 497, I have the honour to forward herewith copy of one received from the Executive Engineer in charge of the Eastern Delta Range, from which it will be observed that the boats you allude to were, it is supposed, originally purchased and charged to the "District Tools and Plant"

2 The account sale which accompanied your letter under reference is herewith re-transmitted

Proceedings of the Madras Government, Public Works Department,
29th July 1873.

From Captain H R MEAD, RE, Executive Engineer in charge No 1 or Eastern Delta Range,
Godavery District, to Lieutenant-Colonel J F FISCHER, RE, District Engineer,
Godavery, dated Dowlaisheram, 13th June 1873, No 168

In reply to your docket, No 782, dated 12th instant, I have the honour to inform you that
the five boats therein alluded to belonged to late No. 5 Range, Godavery, and were brought into
my balance return of tools in January 1868, when the range was amalgamated with No 1. These
boats were borne on the balance return* of tools
and plant of both ranges under the head
"Machinery and Plant," and under the same
head are the steamers, dredges, cranes, etc, etc, and I therefore believe that they were
originally purchased and charged to the "District Tools and Plant" I have no other information
throwing any light on the subject
