Proceedings of the Madras Government, Public Works Department,
30*th July* 1873.

Read the following papers —

No. 478. Petition from certain inhabitants of Royapooram, etc, dated Madras, June 1873

ABSTRACT —Praying for the re opening of the Railway Station at Royapooram.

TRANSFERRED to the Chief Secretary to Government.

(By Order)
(Signed) A AWDRY,
Private Secretary

OOTACAMUND,
17*th June* 1873.

REMITTED to the Consulting Engineer for Railways for report after consultation with the Railway officials as to the validity of any objections to the retention of Royapooram as a minor station, as requested in paragraph 6 of the petition

(Signed) G W. WALKER, Colonel, R E,
Secretary to Government.

OOTACAMUND,
18*th June* 1873.

No. 479. From Lieutenant-Colonel J H M SHAW STEWART, R E, Consulting Engineer for Railways, to Colonel G. W. WALKER, R.E, Secretary to Government, Public Works Department, dated Madras, 9th July 1873, No. 359.

IN returning the papers which were remitted to me for report with your endorsement dated the 18th June 1873, I have the honour to state that I have been in consultation with the authorities of the Madras Railway regarding the memorial addressed to His Excellency the Governor in Council by the residents in Royapooram and the neighbouring villages

2. It was admitted that the only objection against the retention of Royapooram as a minor station consisted in the extra expense which that measure would involve, also that this extra expense would be comparatively small, and could not fairly be set against the inconvenience which the closing of the station has entailed upon a large section of the population of Madras

3 The enclosed letter* from the Agent will show that it was proposed by him, subject to the approval of Government, to re-open the station, as an experimental measure, and to run trains between Royapooram and the Central Station in connection with all passenger trains, the night mail trains excepted. In anticipation of sanction from His Excellency in Council I have authorized the re-opening of the station on these terms from Monday next, the 14th instant.

4. This measure fully meets the request of the petitioners, as contained in paragraphs 5 and 6 of their memorial, and so long as the line between Veysaurpady junction and Perambore continues single, it would not be in the power of the Company, without serious inconvenience to their through traffic, to do more towards promoting the convenience of the residents in and near Royapooram. The doubling of the line between Veysaurpady and Perambore has been for some time under consideration. The measure is one which, in my opinion, it would be highly desirable to carry out, upon altogether independent grounds, and I believe

---

* No 483, 8th July 1873

Proceedings of the Madras Government, Public Works Department, 30*th July* 1873.

that a formal proposal will shortly be brought forward by the Railway Authorities. In the event of its being carried out, there would be no difficulty in the way of working the Royapooram passenger traffic (should it be proved to be of sufficient importance) to and from Perambore, as a branch.

From W B WRIGHT, Esq, Acting Agent and Manager of the Madras Railway Company, to Lieutenant-Colonel J H M SHAW-STEWART, R E, Consulting Engineer for Railways, dated Madras, 8th July 1873, No 483

WITH reference to your letter, No 572 of the 26th ultimo, and its enclosure, and the conversation which took place in my office this afternoon upon the subject of the re-opening of the Royapooram Station, I have the honour to inform you that it has been determined as an experimental measure to commence running trains between Royapooram and the Central Station on Monday next, the 14th instant, at the following times, viz —

Trains from Royapooram to the Central Station

Week days			Sundays
A M	A M	P M	A M
6-25	8-25	1-40	6-25

Trains from Central Station to Royapooram

Week days			Sundays
P M	P M	P M	P M
12-25	4-15	7-10	7-10

2 The fares from Royapooram will be the same as those from the Central Station, and for any local traffic there may be between the two stations fares calculated at the usual rates will be charged

---

No 480 ORDER THEREON, 30th July 1873, No. 1,914.

RAILWAY, No 55.

HIS Excellency the Governor in Council is gratified to find that the Madras Railway officials have been able to meet the wishes of the petitioners to the very satisfactory extent of re-opening the Royapooram Station and running trains between it and the Central Station in connection with all passenger trains, the night mail trains excepted. They will doubtless further promote the convenience of residents in and near Royapooram, when circumstances shall permit, should the importance of the traffic appear to demand it

(True Extract)

Colonel, R E,
Secretary to Government.

Railway Department. CONSULTING ENGINEER'S OFFICE.

No. 359

From
LIEUT.-COLONEL J. H. M. SHAW-STEWART, R.E.,
Consulting Engineer for Railways,

To
COLONEL G. W. WALKER, R.E.,
Secretary to Government,
Public Works Department,
Fort Saint George.

SIR,

In returning the papers which were remitted to me for report with your endorsement dated the 18th June 1873, I have the honour to state that I have been in consultation with the authorities of the Madras Railway regarding the memorial addressed to His Excellency the Governor in Council by the residents in Royapooram and the neighbouring villages.

2. It was admitted that the only objection against the retention of

of Royapooram as a minor station consisted in the extra expense which that measure would involve; also that this extra expense would be comparatively small, and could not fairly be set against the inconvenience which the closing of the station has entailed upon a large section of the population of Madras.

3. The enclosed letter[x] from the Agent will show that it was proposed by him, subject to the approval of Government, to reopen the station, as an experimental measure, and to run trains between Royapooram and the Central station in connection ith all passenger trains, the night mail trains excepted. In anticipation f sanction from His Excellency in Council, I have authorised the reopening of the station on these terms from Monday next, the 14th instant.

[x] No 483
8 July 187

4. This measure fully meets the request of the petitioners, as contained in paragraphs 5. and 6. of their Memorial: and so long as the line between Veysaurpady junction and Perambore continues single, it would not be in the power of the Company, without serious inconvenience to their through traffic, to do more towards promoting the convenience of the residents in and near Royapooram. The doubling of the line between Veysaurpady and Perambore has been for some time under consideration. The measure is one which in my opinion it would be highly desirable to carry out, upon altogether independent grounds; and I believe that a formal proposal will

shortly

shortly be brought forward by the Railway authorities. In the event of its being carried out, there would be no difficulty in the way of working the Royapooram passenger traffic (should it be proved to be of sufficient importance) to and from Perambore, as a branch.

~~P. W. 3883~~/73.

To

His Excellency The Right Hon'ble
Vere Henry Hobart Lord Hobart
Governor-in-Council of
Fort Saint George.

The humble Memorial of the undersigned European East-Indian and Native residents of Royapooram and other neighbouring villages in and around Madras

RESPECTFULLY SHEWETH,

That your Memorialists most respectfully beg to submit the following few lines in the humble and confident hope that they will meet with your Excellency's favorable and benign consideration

2 That a notification was published under the signature of Mr Elwin late Agent and Manager in the local Journals at the beginning of April last to the effect that the Royapooram Station will be closed for Traffic from the 7th idem when the New Central Station was to be opened, and it has accordingly been closed to the great inconvenience, and discomfort of your Memorialists.

3. That your Memorialists most respectfully beg to represent that the Station at Royapooram was opened in 1856, and has ever since continued without interruption for the transmission of Passengers Traffic as the seat of Head Station, it is needless for your Memorialists to urge that considerable Traffic was carried on in the Station

4 That although there is a transfer of Station from Royapooram to the Town, still all the Engines that start from the New Central Station are coming without exception from Royapooram Station just a little before the time for starting, so that to retain the latter Station no difficulty would be experienced as only the necessary number of waggons enough to accommodate Passengers Traffic are to be attached to the Engines

5. That your Memorialists residing in and about Royapooram are unnecessarily obliged to go the distance of from two to six miles to meet the Central Station, and the same number of miles in returning to their homes on the rail, while the attachment of the waggons to the Engines at Royapooram would very easily obviate the difficulty and afford convenience and comfort to passengers traffic

6. That it is not the intention of your Memorialist's to trouble your Excellency to regain for Royapooram its former position, and importance, but that it could be kept up with a petty establishment as at the minor Stations of Avady &c., and that its receipts will far exceed those of the minor Stations alluded to,

7. That a reference to the annexed list of villages with the respective distances from the Royapooram and Central Stations will clearly and thoroughy convince your Excellency how great has been the hardship and inconvenience which your Memorialists with their families and children are obliged to undergo by the closing of the Royapooram Station and that the re-opening of this Station would be considered an infinite boon and hailed with great joy not only by your Memorialists but even by the public of Madras.

8. That the buildings of the Royapooram Station are all in an admirably good order, and do not require any repair for a series of years is a fact quite patent to your Excellency, and does not require any comment from your Memorialists.

9. That Madras is a densely and thickly populated Town, and that the re-opening of the Royapooram Station would divide the crowds that now throng the Central Station into two, and thus facilitate the work of the Railway officials, besides being greatly beneficial in a sanitary point of view. This arrangement would not in any way diminish the income of the Railway, and would otherwise afford much convenience and comfort to travellers. The re-opening can be effected with the least practicable difficulty to the Railway.

10. That your Memorialists regret that the Royapooram Terminus which was the Principal and Chief Station as well as a beautiful ornament to the Madras Railway has by the altered state of circumstances been unfortunately reduced to be a common godown for fuel to the very same Railway.

11. That to close Royapooram at once without even converting it into a minor Station is taking away the beauty of the locality, and subjecting the residents in the neighbourhood to great disappointment, difficulties, and incoveniences.

12. That the Royapooram Station has been erected at a greater outlay than the present Central Station, and is situated at some distance from the Main Road affording sufficient accomodation for passengers traffic and bandies to halt, whereas the new Central Station being situated close to the Main Road, great inconvenience is experienced by travellers from all the parts of the Town thronging in crowds so that the re-opening of Royapooram Station is a matter of absolute necessity for public good.

13. That your Memorialists therefore most earnestly entreat your Excellency in Council will be graciously condescended to take the above circumstances into your favourable consideration, and direct the re-opening of the Royapooram Station to meet the convenience of passengers traffic and thus afford them facilities for their journey, a favor which would be thankfully acknowledged, and always remembered with sincere gratitude.

And your Memorialists as in duty bound,

SHALL EVER PRAY.

The reply to this memorial should
be addressed to Amarambadoo Moothoosawmy Moodr
Translator: Court Runganatha Moodr or Vencataramier Street
near Mint. Madras.

To

His Excellency the Right Hon'ble
Vere Henry Hobart Lord Hobart
Governor in Council
Madras.

The Humble Memorial of the undersigned European, East Indian, and Native residents of Royapooram and other neighbouring villages in and around Madras

RESPECTFULLY SHEWETH,

That your Memorialists most respectfully beg to express their sincere gratitude and infinite obligation for the liberal sanction of Government for the re-opening of the Royapooram Station for the convenience of passengers traffic in accordance with their representation, and they now beg permission to approach your Excellency in Council with a brief Statement of certain circumstances in connection therewith, humbly trusting that these will meet with your Excellency's favorable consideration and orders.

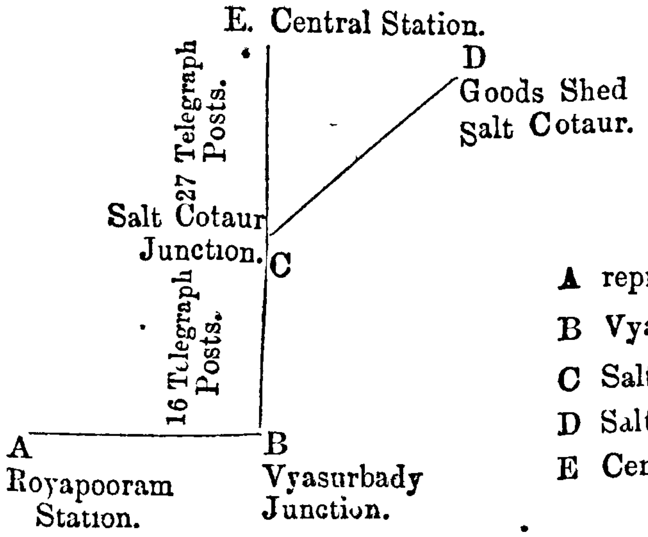
2. That the circumstances alluded to above are certain inconveniences to which they are unnecessarily subjected and pray for instructions to Railway authorities for the removal of these restrictions and impediments.

3. The Engines with passenger carriages invariably start from Royapooram 35 minutes earlier than the starting of the Central Station trains and yet they reach only the Central Station at the ringing of the first bell at the northern extremity of the eastern platform when the engine is separated, and the passenger carriage is drawn by Porters at their ease and convenience, and then the passengers are obliged to get down and hasten themselves to the western platform to get an ingress into the carriages ready for starting before the ringing of the second bell. There is scarcely little or no time left between the ringing of the first and second bell and the passengers are put to the greatest inconvenience to get down from the one and enter into the other within the short space of 3 miles. The sight is truly appalling, and it is a pity to see them at that stage running with their families, children, and packages from the apprehension of losing the train. The anxiety and sufferrings are more to be felt than expressed and your Memorialists therefore pray that measures may at once be adopted for the removal of the inconveniences complained of.

4. There are obviously two ways by which the above inconveniences might be removed; 1st by attaching the carriage of Royapooram to the trains of Central Station without allowing the passengers to get down, and this can be conveniently done with another advantage by allowing the

Central Station passengers to get into the Royapooram carriage if there was accommodation, and this cannot put them to any inconvenience as they have only to get into the carriages after obtaining their Tickets no matter which carriage all is the same to them, and 2nd by reverting to the original and long established practice of allowing the Royapooram engine to take the Central Station passengers and Goods Wagons from Vyasurbady Junction instead of from Central Station.

5. To explain more fully the second course above proposed, your Memorialists would respectfully beg to refer your Excellency to the marginal sketch which elucidates the passage of trains both before and after the re-opening of the Central Station :—



In this Sketch.

A represents Royapooram Station.
B Vyasurbady Junction.
C Salt Cotaur Junction.
D Salt Cotaur Goods Shed.
E Central Station.

6. I.—Previous to the opening of the Central Station the course adopted was as follows. The Pilot engine brought the Goods Wagons from D to B just a little before the train from A arrived when the Goods Wagons were attached to the trains of Royapooram which then started off, and the pilot engine returned to D.

II.—After E was opened the pilot engine carries the goods wagons from D to E instead of to B and keeps the train in readiness for the arrival of the engine from A when the whole start off, and the pilot engine returns to D.

III.—Since the re-opening of A the procedure recorded in the above para is observed, and the train from Royapooram now brings passengers to E the Central Station, and it then proceeds while the pilot engine returns to D

7. Your Memorialists now beg to point out the circuitous way which the Royapooram train is unnecessarily compelled to make, and which can be more conveniently and readily performed by the pilot engine. The Royapooram engine has to go 43 Telegraph posts from B to E, and back 43 from E to B, in all 86 posts or at 18 Telegraph posts to a mile about 5½ miles to a train and there being 4 trains in a day it amounts to 22 miles or nearly 700 miles a month. This is utterly useless if the better and more intelligent, systematic and feasible method is adopted The pilot engine now takes the goods wagons from D thro' C to E and then returns all the way empty to D It can conveniently take the Central Station passengers to B or Vyasurbady Junction when the train from A can meet as usual and proceed. The pilot engine will have to go only 16 posts from C to B, and back 16 posts while returning to D, so that it has only 32 posts or less than two miles to work while it relieves the train of Royapooram 5½ miles. This would further relieve the passengers of Royapooram from getting down, and getting into other carriages and allow the Royapooram train to start a little later. This is no innovation, and it is simply reverting to the original and long established practice resulting in advantages both to the Company and passengers as well as saving of labour and vehicles To avoid inconvenience to passengers the through booking system is introduced, and if passengers of Royapooram are to get down within the short distance of 3 miles at the Central Station the beneficial tendency is nullified and the inconveniences remain unaltered. Your Memorialists therefore beg to suggest that this is the best and the most convenient method that could be proposed and your Excellency could not fail to see the advantages resulting therefrom for passengers and traffic They would also beg to refer your Excellency to the orders of Government dated 17th September last based on the resolution of the Governor General of India in Council regarding the complaints of Railway travellers, and they humbly and earnestly solicit that their deplorable case will meet with favorable consideration and, that the second course above detailed will be directed to be brought into operation for the relief of travellers.

8. According to the published recent census returns it will be observed that that portion of the city of Madras and its suburbs which are included in the applications that advocated the cause of re-opening Royapooram as a petty station is 116,504. Inhabitants while the total population of the whole of Madras and its environs amount to 397,552. Thus your Excellency will see that the inconvenience and discomfort complained of is the sufferings of nearly one third of the population of Madras. The signature attached to the memorial submitted to Government simply represent the views of the heads of families and more especially of influential and respectable members of the community; it should not be considered that the prayer has emanated from the limited numbers of signatures attached to it but from the whole of the population referred to above of whom these are but representatives As the comfort and convenience of such a large section of the population of a metropolis are at stake the application requires and deserves serious and attentive consideration.

9. The re-opening of Royapooram entitles it to all the privileges* of a minor station, and when return Tickets are granted at the minor stations of Avady Trivellore &c, why not that indulgence accorded to Royapooram also Your Memorialists beg to submit that return tickets and one special train at least for the new moon may be allowed at Royapooram.

10. There are 4 trains now passing from Central Station for all of which engines come from Royapooram, when 3 of the 4 trains are allowed to Royapooram why cannot the remaining one train viz, 6 P M, allowed also. This will increase the traffic of the Company and your Memorialists beg that this favor may also be sanctioned.

---

* Through Tickets, Parcels Horses, Carriages & Dogs &c

11. Your Memorialists have the satisfaction to state for your Excellency's information that with all the restrictions which have been put upon the Royapooram traffic receipts it keeps pace with Trivellore and other stations as to receipts and outweighs many small stations. As re-opening should include all favours and indulgences accorded to other stations and as the convenience of 1,16,504 residents of Madras is imperilled by the present arrangement they most respectfully beg to solicit that your Excellency in Council will be graciously condescended to take the circumstances above detailed into your benign and favourable consideration and comply with their request attended with beneficial results both to the company and convenience of passengers.

12 And for which act of charity your Memorialists as in duty bound

SHALL EVER PRAY

Madras, *December,* 1873.

[illegible] 28/7/73

To

His Excellency the Right Hon'ble
Vere Henry Hobart Lord Hobart
Governor in Council
Madras.

The Humble Memorial of the undersigned European, East Indian, and Native residents of Royapooram and other neighbouring villages in and around Madras

Respectfully Sheweth,

That your Memorialists most respectfully beg to express their sincere gratitude and infinite obligation for the liberal sanction of Government for the re-opening of the Royapooram Station for the convenience of passengers traffic in accordance with their representation, and they now beg permission to approach your Excellency in Council with a brief Statement of certain circumstances in connection therewith, humbly trusting that these will meet with your Excellency's favorable consideration and orders.

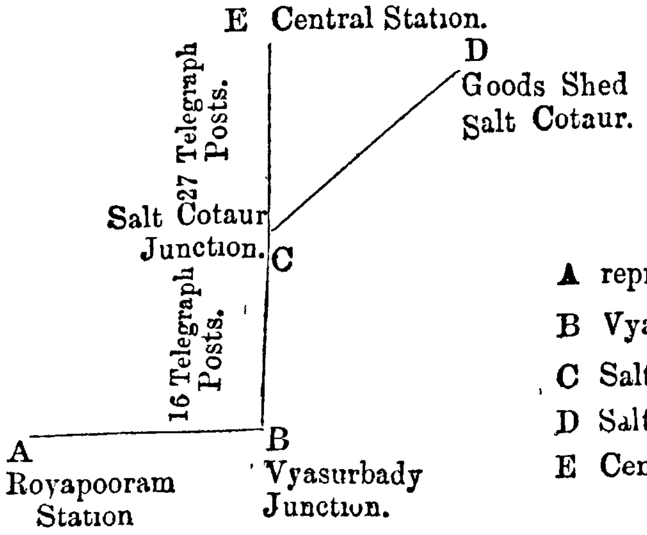
2. That the circumstances alluded to above are certain inconveniences to which they are unnecessarily subjected and pray for instructions to Railway authorities for the removal of these restrictions and impediments.

3. The Engines with passenger carriages invariably start from Royapooram 35 minutes earlier than the starting of the Central Station trains and yet they reach only the Central Station at the ringing of the first bell at the northern extremity of the eastern platform when the engine is separated, and the passenger carriage is drawn by Porters at their ease and convenience, and then the passengers are obliged to get down and hasten themselves to the western platform to get an ingress into the carriages ready for starting before the ringing of the second bell. There is scarcely little or no time left between the ringing of the first and second bell and the passengers are put to the greatest inconvenience to get down from the one and enter into the other within the short space of 3 miles. The sight is truly appalling, and it is a pity to see them at that stage running with their families, children, and packages from the apprehension of losing the train. The anxiety and sufferrings are more to be felt than expressed and your Memorialists therefore pray that measures may at once be adopted for the removal of the inconveniences complained of.

4. There are obviously two ways by which the above inconveniences might be removed; 1st by attaching the carriage of Royapooram to the trains of Central Station without allowing the passengers to get down, and this can be conveniently done with another advantage by allowing the

Central Station passengers to get into the Royapooram carriage if there was accommodation, and this cannot put them to any inconvenience as they have only to get into the carriages after obtaining their Tickets no matter which carriage all is the same to them, and 2nd by reverting to the original and long established practice of allowing the Royapooram engine to take the Central Station passengers and Goods Wagons from Vyasurbady Junction instead of from Central Station.

5. To explain more fully the second course above proposed, your Memorialists would respectfully beg to refer your Excellency to the marginal sketch which elucidates the passage of trains both before and after the re-opening of the Central Station :—



In this Sketch.

A represents Royapooram Station.
B Vyasurbady Junction.
C Salt Cotaur Junction.
D Salt Cotaur Goods Shed.
E Central Station.

6. I.—Previous to the opening of the Central Station the course adopted was as follows. The Pilot engine brought the Goods Wagons from D to B just a little before the train from A arrived when the Goods Wagons were attached to the trains of Royapooram which then started off, and the pilot engine returned to D.

II.—After E was opened the pilot engine carries the goods wagons from D to E instead of to B and keeps the train in readiness for the arrival of the engine from A when the whole start off, and the pilot engine returns to D.

III.—Since the re-opening of A the procedure recorded in the above para is observed, and the train from Royapooram now brings passengers to E the Central Station, and it then proceeds while the pilot engine returns to D

7. Your Memorialists now beg to point out the circuitous way which the Royapooram train is unnecessarily compelled to make, and which can be more conveniently and readily performed by the pilot engine. The Royapooram engine has to go 43 Telegraph posts from B to E, and back 43 from E to B, in all 86 posts or at 18 Telegraph posts to a mile about 5½ miles to a train and there being 4 trains in a day it amounts to 22 miles or nearly 700 miles a month. This is utterly useless if the better and more intelligent, systematic and feasible method is adopted The pilot engine now takes the goods wagons from D thro' C to E and then returns all the way empty to D It can conveniently take the Central Station passengers to B or Vyasurbady Junction when the train from A can meet as usual and proceed. The pilot engine will have to go only 16 posts from C to B, and back 16 posts while returning to D, so that it has only 32 posts or less than two miles to work while it relieves the train of Royapooram 5½ miles. This would further relieve the passengers of Royapooram from getting down, and getting into other carriages and allow the Royapooram train to start a little later. This is no innovation, and it is simply reverting to the original and long established practice resulting in advantages both to the Company and passengers as well as saving of labour and vehicles To avoid inconvenience to passengers the through booking system is introduced, and if passengers of Royapooram are to get down within the short distance of 3 miles at the Central Station the beneficial tendency is nullified and the inconveniences remain unaltered. Your Memorialists therefore beg to suggest that this is the best and the most convenient method that could be proposed and your Excellency could not fail to see the advantages resulting therefrom for passengers and traffic They would also beg to refer your Excellency to the orders of Government dated 17th September last based on the resolution of the Governor General of India in Council regarding the complaints of Railway travellers, and they humbly and earnestly solicit that their deplorable case will meet with favorable consideration and, that the second course above detailed will be directed to be brought into operation for the relief of travellers.

8. According to the published recent census returns it will be observed that that portion of the city of Madras and its suburbs which are included in the applications that advocated the cause of re-opening Royapooram as a petty station is 116,504. Inhabitants while the total population of the whole of Madras and its environs amount to 397,552. Thus your Excellency will see that the inconvenience and discomfort complained of is the sufferings of nearly one third of the population of Madras. The signature attached to the memorial submitted to Government simply represent the views of the heads of families and more especially of influential and respectable members of the community; it should not be considered that the prayer has emanated from the limited numbers of signatures attached to it but from the whole of the population referred to above of whom these are but representatives As the comfort and convenience of such a large section of the population of a metropolis are at stake the application requires and deserves serious and attentive consideration.

9. The re-opening of Royapooram entitles it to all the privileges* of a minor station, and when return Tickets are granted at the minor stations of Avady Trivellore &c, why not that indulgence accorded to Royapooram also Your Memorialists beg to submit that return tickets and one special train at least for the new moon may be allowed at Royapooram.

10. There are 4 trains now passing from Central Station for all of which engines come from Royapooram; when 3 of the 4 trains are allowed to Royapooram why cannot the remaining one train viz, 6 P M, allowed also. This will increase the traffic of the Company and your Memorialists beg that this favor may also be sanctioned.

* Through Tickets Parcels Horses Carriages & Dogs &c

11. Your Memorialists have the satisfaction to state for your Excellency's information that with all the restrictions which have been put upon the Royapooram traffic receipts it keeps pace with Trivellore and other stations as to receipts and outweighs many small stations. As reopening should include all favours and indulgences accorded to other stations and as the convenience of 1,16,504 residents of Madras is imperilled by the present arrangement they most respectfully beg to solicit that your Excellency in Council will be graciously condescended to take the circumstances above detailed into your benign and favourable consideration and comply with their request attended with beneficial results both to the company and convenience of passengers.

12 And for which act of charity your Memorialists as in duty bound

SHALL EVER PRAY

Proceedings of the Madras Government,

Under date the 187 .

Read the following :—

Petition from inhabitants of Royapooram — R.E. dated June 1873/.

From the Cons. Engr. for Rys — R.E. No. 359 d/ 9 July/73/

His Excellency the Governor in Council is gratified to find that the Madras Railway Officials have been able to meet ~~with~~ the wishes of

109

the Petitioners to the very satisfactory extent of reopening the Royapooram Station and running trains between it and the Central Station in connection with all Passenger trains, the night mail trains excepted - They will doubtless further promote the convenience of residents in and near Royapooram, when circumstances shall permit, should the importance of the traffic appear to demand it -

GMW

To The Consg Engineer

Despd. 6/8/73

No 478-80.

The Perambore Station having been closed under an entire misapprehension, as agreed on all hands, and the proposal for closing it, though brought forward by the Commission who reported on the subject of a new Passenger Station, never having been till now affirmed by the Government, His Excellency the

On reading the papers now submitted by the Consulting Engineer. I am not prepared to sanction this draft so long as the Maximum rate is not exceeded the Company would appear to have the right to impose varying rates though these are declared by the Govt of India the Governor in Council cannot acknowledge any right on the part of the Railway Authorities to demur at its being reopened on precisely the same footing as to 3rd Class Fares as before.

Neither can he agree with the Consulting Engineer in his letter No 252 of 5th May that the recognized power of imposing various rates on the same Railway vested in any Company, implies that they are at liberty to

to

generally undesirable. If there is any order over-riding the orders of Govt. of India - of 68 it of course alters the question but there is nothing to show this, in the papers put up. The Company propose a not unreasonable test as to the necessity of the Perambore station. We ought not to make them keep it open at any ~~considerable~~ loss. I would therefore simply confirm what has been done -

I concur with Mr Ellis - All Railway fares must necessarily be regulated with a reasonable respect to distance, but in my opinion be [illegible] too far when we charge exactly by distance - The time lost and delays occasioned by taking annas & even pice - is very great. When I came from Bangalore I had to pay Rs 79-9-0 for my

to charge passengers mileage for portions of the line which they have not travelled.

In deference however to the action already taken by the Consulting Engineer, and the desire of the Acting Agent and the Traffic Manager to use the uniform rate as a means of accurately determining the number of bona fide travellers to and from Perambore His Excellency in Council confirms the use of such uniform

Perambore [illegible]

uniform rate for one year; at the end of which he stipulates that a mileage rate shall be reverted unless good cause to the contrary be meanwhile shown.

GHW

ticket - the journey being over 700 miles. Surely the round sum of Rs 80 would be much more [illegible] - I should rather have seen some such scheme adopted.

Perambore is [illegible] a suburb of Madras [illegible] the Co. [illegible] there only for convenience of the [illegible] & do not think [illegible]

I agree with the new letter of the Govt and Mr Ellis.

[illegible] the [illegible] careful [illegible] of the [illegible] made [illegible]

Cv/13

I do not think that we need interfere with any severity the oversight of the Consulting Engineer (& of the Railway Company) as regards the closing of the Perambore station. It is evidently right to reopen Perambore & only to charge according to mileage - I would

Orders having already been telegraphed on receipt of letter from the Consulting Engineer for Railways No. 2 & 9 of 1st May, for the reopening of the Perambore Station, His Excellency the Governor in Council has now to remark that the Cons. Engineer would have acted with more discretion, had he when giving authority for the opening of the new Central Station reserved for the decision of Govt the question of closing that at Perambore. No doubt, as stated by the Cons. Engineer, the Committee who reported on the subject of a new Passenger Terminus had in view the closing of the Perambore Station, but their view has never been affirmed in any proceedings of Government.

His Excellency in Council further observes that too short an interval was allowed between the anticipatory sanction given by the Cons. Engineer and the date fixed for opening the line, to allow of reasonable time for consideration of the subject by the members of the Government. So very much time had been consumed in completing the arrangements for bringing the new Station into public use, that more than four clear working days should have been allowed the Government for the issue of their orders, which under the circumstances were simply confirmatory, as was evidently anticipated. The Govt have before had occasion to object to the short

maintain the last two paras of this draft. If the Consulting Engineer fails generally in submitting papers to Govt with a sufficient margin of time for them to pronounce an opinion I would let him know this - by an official Memo: showing the cases in which there has been this defect in the procedure of the Consulting Engineer

W.M.

period proposed to be al-
lowed them for conside-
ration of important
changes in the Railway
Time Tables; and they
are of opinion that it
would require but a
little management and
concert with the Railway
officers to permit of the
Cons Engineer affording
them much longer notice [illegible]
of any important changes.

For the rest His Ex- 1.
cellency the Governor in
Council is glad to see
that the mistake com-
mitted, has been speedily in closing the Perambur
realized and its rectifi- station
cation concurred in
by the Railway Autho-
rities. 2. But he is
