*Proceedings of the Madras Government, Public Works Department,
11th August 1873.*

No. 147. Read the following letter from A. H. VAUX, Esq., Under Secretary to the Government of India, Public Works Department, (State Railways,) to Colonel G. W. WALKER, R.E., Secretary to the Government of India, Public Works Department, (Railway,) dated Simla, 19th July 1873, No. 1,083 S. R:—

I AM directed to acknowledge the receipt of your dockets, Nos. 68 and 70, of the 11th March 1873, submitting lists of the annual consumption of English stores on the Madras Railway for construction and working purposes, and to state that the want of detail from the Engineering and Locomotive Departments prevents these returns from being of any practical use to the Consulting Engineer to guide him on State Railways.

2. I am now directed to forward a copy of a memorandum by Mr. Molesworth, to which is annexed a table to show the precise nature of the information he requires, and to request that if the Company can supply them, complete lists of all the stores issued during one year for the *working* of the Railway may be submitted at an early date.

*Memorandum by the Consulting Engineer to the Government of India for State Railways,
dated 14th July 1873.*

I AM anxious to obtain as a rough guide for our State Railways:—

A list of the issue of stores during one year for the *working* of the Railway. I think that the Madras Railway would perhaps form the most useful for this information. The return I require would simply be an extract from the balance sheet of the store ledger for the year; the following form shows the information I require. I shall be glad to have this information at an early period.

Articles.	Unit of quantity.	Quantity in hand at beginning of year.	Received during the year.	Issued during the year.	In hand at the end of the year.
