*Proceedings of the Madras Government, Public Works Department,
13th August 1873.*

Read the following papers:—

No. 202. From Captain H. W. WOOD, R.E., Officiating District Engineer, Malabar, to Colonel G. W. WALKER, R.E., Chief Engineer, Public Works Department, dated Calicut, 14th March 1873, No. 36.

I HAVE the honour to forward, for sanction and provision of funds, an estimate*
* Rupees 1,993. for revetting the beach between groyne B. and the revetment of south of groyne C. in the Cochin Harbour.

2. I am not prepared to say absolutely that the present condition of the beach at this point is unsafe; but bearing in mind the great damage which might occur if the sea broke in through the narrow strip of beach and flooded the low land behind, I would respectfully urge that the estimate be sanctioned for execution before the coming monsoon.

REFERRED to the Inspecting Engineer for Ports and Communications.

(Signed) G. W. WALKER, Colonel, R.E.,

22nd March 1873.

Chief Engineer, P.W.D.

No. 203. From Lieutenant-Colonel W. T. F. FAREWELL, Inspecting Engineer for Ports and Communications, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Camp at Coimbatore, 19th July 1873, No. 108A.

WITH reference to the enclosed papers referred to me in your endorsement thereon, dated 22nd of March 1873, I the honour to report that I have inspected the locality in question, and am of opinion that the changed condition of the beach now shows the work estimated for to be unnecessary, at all events, for the present.

No. 204. ORDER THEREON, 13th August 1873, No. 2,012.

CIVIL WORKS, No. 11.

ORDERED to be recorded. Estimates of the nature under report should be submitted to Government through the
