G.O. No.	2061	Press
B.P. No.		Mis.
297-298		
Dated	19 8	18/3

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
19th August 1873.*

No. 297. Read the following letter from Lieutenant-Colonel J. F. FISCHER, R.E., District Engineer, Godavery, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Dowlaishweram, 7th July 1873, No. 1,069:—

WITH reference to paragraph 2 of G. O., No. 1,235, dated 30th April 1873, I have the honour to report that a sum of Rupees 15,693 is required for the maintenance of the Upper Godavery Plant during the current official year as per enclosed statement, and a copy of letter received from the Executive Engineer in charge of No. 1 Range, Godavery, and request that you will be good enough to obtain the sanction of Government for the same at an early date.

2. Should the Government not be prepared to sanction the whole amount for the present, I beg that at least a portion of the amount applied for may be allotted.

3. I beg to inform you that provision for the whole year on account of Captain Barber and his crew's pay has been made in the statement now forwarded, as it will likely be some time before C. Camaswarrao takes over charge of the steamers and pays the establishment as authorized in G. O., No. 1,458 A., dated 30th May 1873.

From Captain H. R. MEAD, R.E., Executive Engineer in charge of No. 1 or Eastern Delta Range, Godavery District, to Lieutenant-Colonel J. F. FISCHER, R.E., District Engineer, Godavery, dated Dowlaishweram, 13th June 1873, No. 169.

IN reply to your docket, No. 784, requesting me to report what provision will be required for the Upper Godavery Plant, I am unable to say what I think necessary until I know what is to be done with the plant, and what plant is likely to be removed. I forward an estimate for charges that have been incurred this official year, and what I think probably will be required for Godavery steamer (if not worked) and for sending the *Prince* to Cocanada, also for the pay of Captain Barber and the establishment.

2. Should the *Shamrock* be sent to Burmah about Rupees 200 will be required to fit her for the voyage, and this added to the estimate sanctioned for fitting, etc., will amount to Rupees 3,983, of which Rupees 1,634 was spent last year, leaving about Rupees 2,349 to be provided for in this year.

3. The above is all that is required as far as I can at present tell.

4. I think a sum of Rupees 1,000 should be asked for landing plant, etc., etc., a further sum of Rupees 8,000 for the repair of boats, etc.

5. From the above it will be seen that I estimate the probable requirements at about Rupees 15,693.

Estimate for Maintaining the Upper Godavery Plant.

Particulars of charges.	Per month.	Per year.
	RS.	RS.
Captain Barber's pay	250	3,000
Travelling allowance for do.		200
Pay of two Syrangas, at 20 Rupees each	40	480
Oil, etc.	5	60
Small repairs to Godavery steamer		195
Repairs to steamer <i>Prince</i>		93
Probable cost of sending her down to Master Attendant, Cocanada, etc.		200
Establishment on <i>Prince</i> for four months, at 29 Rupees		116
Total		4,344

DOWLAISHWERAM,
13th June 1873.

Executive Engineer, Godavery.

*Proceedings of the Madras Government, Public Works Department,
19th August 1873.*

No. 298. ORDER THEREON, 19th August 1873, No. 2,061.

ACCOUNT, No. 24.

IN the absence of more detailed information as to the probable charges to be incurred in the current year on account of the Upper Godavery Plant and Floating Stock, an appropriation of Rupees 6,000 is made from the head of "Tools and Plant" for the purpose, which may be supplemented later in the year on receipt of a regular estimate. The sum of Rupees 2,400 is also appropriated towards fitting the steamer *Shamrock* for despatch to Burmah, the entire outlay being debited to the Government of India. The pay of Captain Barber and his crew has already been provided for in G. O., No. 1,726, of 3rd July.

No. 169. Executive Engineer's Office
13th June 1873.
From the Executive Engineer
In Charge for the Eastern Delta Range
Godavery District
D. District Engineer, Godavery
(Doraiswami)*

*Sir,
In reply to your letter No. 784 re-
questing me to report what provision will be required
for the Upper Godavery Plant, I am unable to say
what I think necessary until I know what is to be
done with the plant, and what plant is likely to be
removed, I forward an Estimate for charges that have
been incurred this Official Year and what I think
probably will be required for Godavery Steamer
(if not worked) and for sending the Prince to Coaroda
also for the pay of Captain Barber and the establishment,
should the *Shamrock* be sent to Burmah
about Rs: 200 will be required to fit her for the
voyage and this added to the estimate sanctioned
for fitting and will amount to Rs: 3,983 of which
Rs: 1634 was spent last year leaving about
Rs: 2349 to be provided for in this year.*

*The above is all that is required as
far as I can at present tell.*

*I think a sum of Rs: 1,000 should be
asked for launching plant & for a further sum
of Rs: 8,000 for the repair of boats &c.*

*From the above it will be seen that I
estimate*

estimate the probable requirements at about
Rs. 15,693.
