G.O. No. 2083 Press
B.P. No. 3376341 Mis.

Dated 21 8 1873.

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department, 21st August 1873.

Read the following papers:—

No. 339. Read the following Proceedings of the Madras Government in the Educational Department, dated 23rd June 1873, No. 201.

From E. B. POWELL, Esq., M.A., C.S.I., Director of Public Instruction, to the Hon. W. HUDLESTON, Chief Secretary to Government, Fort St. George, dated Madras, 16th June 1873, No. 1,290.

I HAVE the honour to enclose an estimate for Rupees 600, for certain emergent repairs to the Provincial School-house at Calicut, and to request sanction for the expenditure of the amount named.

2. Out of the sum of Rupees 300 provided on account of the Calicut School-house, the sum of Rupees 265 was diverted towards building a latrine for the Madura Zillah School, thus leaving Rupees 35 available. I request that the balance of Rupees 565 may be made available from the provision for repairs to the Rajahmundry and Bellary Provincial School-houses.

THE estimate for the work and the arrangement for providing funds are sanctioned.

(True Extract.)

(Signed) J. STURROCK,
Acting Under Secretary,
for Chief Secretary.

No. 340. From Captain H. BAILEY, Acting District Engineer, Malabar, to Colonel G. W. WALKER, R.E., Chief Engineer, Public Works Department, dated Calicut, 18th July 1873, No. 74.

IN reply to your memorandum No. 267, of the 16th instant, I have the honour to state that the estimate for repairing the school was sent by the Calicut Range Officer on the 20th March 1873 to the Inspector of Schools for countersignature.

2. It was returned by him to the Range Officer on the 28th April 1873 and reached this Office on the 29th.

3. In the meantime having heard from the Range Officer that the work was emergent, I, on the 30th of April, ordered him to carry it out at once to the extent of the funds allotted in the Budget, Rupees 300, and reported to the Director of Public Instruction that I had sanctioned work to that extent.

4. By a mistake the estimate was not forwarded with my letter to him, and this was not detected till I received his letter No. 1,203, of the 4th ultimo, asking for it, when it was immediately despatched.

5. The two principal items of the estimate are turning tiles, white-washing the building, and tarring the railings; of these the tiles of the main building have been turned and it has been white-washed inside; the tiles of the verandah require to be turned at once, as it leaks very much, the outside white-washing and tarring the railings must be deferred till the rains are over.

6. The other items of the estimate, repairing the roof of the latrine and petty repairs to doors and windows can be carried out at once.

Proceedings of the Madras Government, Public Works Department.
21st August 1873.

No. 341. ORDER THEREON, 21st August 1873, No. 2,083.

CIVIL WORKS, No. 29.

COMMUNICATED to the District Engineer of Malabar, who will observe from section II. of paragraph 9 of the revised portion of the Public Works Code, defining the duties of District Engineers, that he is authorized to sanction such repairs himself after obtaining the approval of the estimate by the Director of Public Instruction, with whom will rest the provision of any extra funds that may be required.

2. It is not understood why the allotment for the Calicut School repairs in the Budget of 1873-74 was proposed by the Director of Public Instruction to be transferred under date the 18th April, when an estimate for double its amount was given to the Inspector of Schools on 20th March.

Rec.d of the Madras Govt.

Read the following:-

Rec.d in the Rob. Dept. C.E. No. 2017 of 23 June/73

From the Collr. Malabar C--- 74 of 18 July/73

Communicated to the District Engineer of Malabar who will observe from Section 11 of para 9 of the Portuguese Public Works Code defining the duties of District Engineers, that he is authorized to sanction such repairs himself after obtaining the

approval of the estimate
by the Director of Public
Instruction, with whom
will rest the provision
of any extra funds
that may be required.

It is not under-
stood why the allot-
ment for the Calicut
School repairs in the
Budget of 1873-74,
was proposed by the
Director of Public
Instruction to be trans-
ferred under date the
18th April, when an
estimate for double the
amount was given
to the Inspector of Schools
on 20th March-
