*Proceedings of the Madras Government, Public Works Department,
25th August 1873.*

No. 399. Read the following endorsement of the Inspecting Engineer for Civil and Military Buildings, dated Chepauk, 6th August 1873, No. 903 :—

From Lieutenant-Colonel J. GODDARD, R.E., District Engineer, Presidency, to Colonel E. A. FOORD, R.E., Inspecting Engineer for Civil and Military Buildings, dated Fort St. George, 20th June 1873, No. 1,256 :—

I HAVE the honour to submit for your approval and eventual submission to Government for sanction, a plan and an estimate, together with abstract and specification report, amounting to Rupees 390, for providing a spiral staircase in St. Matthias' Church at Vepery, and for removing the present staircase from the room which is proposed to be adapted as vestry for the Chaplain, which have been prepared at the request of the Chaplain, and duly approved of by that officer.

2. The necessity and object of the work now estimated for are fully explained in the enclosed copy of letter from the Church Committee to the Venerable the Archdeacon of Madras, as required in the Chief Engineer's Circular Memorandum No. 48, dated 7th February 1873.

3. The estimate provides for every thing necessary, and the rates entered are reasonable and sufficient, and no supplementary works will afterwards be required.

THE Plan and Estimate of Rupees 390, for providing a spiral staircase in St. Matthias' Church at Vepery, Madras, are submitted to Government for sanction, with reference to G. O., No. 81, dated 12th July 1873.

1 Plan.
1 Estimate.
1 Specification.

2. The letter from the Church Committee is printed with G. O., No. 126, 24th June 1873, Ecclesiastical Department, communicated with the above quoted Government Order.

Specification for providing a
spiral stair case in St Matthias Church
at Vepery.

Amount of Estimate Rs 390.

The present stair case is
to be removed and adapting the room into
a vestry for the Chaplain.

A new teakwood spiral stair
case to be fixed in the north west corner
of the gallery 14 feet high by 3 feet diameter,
consisting of 28 steps with winding scrolls
turned balusters and curtail complete.

Two pairs paneled venetian
doors one for each vestry room opening into
the porch under the tower, and one door
opening into the church.
