Proceedings of the Madras Government
**Proceedings of the Madras Government, Public Works Department,
19th June 1873.**

No. 262. Read the following letter from Major R. B. KENNEDY, Special Executive Engineer, Wynaad, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Luckadie, 3rd May 1873, No. 293 :—

I BEG to forward plan and estimate for a store at Luckadie.

2. It is a building that has long been required, but while there were so many other demands for public money for Wynaad, I thought it scarcely likely any could be spared for this; although annually a considerable loss on deterioration in stock has taken place owing to the absence of any but rough cutcha sheds with thatched roof and mat-walls.

3. The quantity of stock usually on hand is about Rupees 5,000 in value, and so, should the Vythery and Calicut Ranges be amalgamated, a store will always be necessary for immediate local wants. I have adopted a quadrangular form as giving the greatest amount of space at the least expense, light being obtained from the interior, and no windows required.

4. The only Provincial grant to Wynaad this year, except those for Police buildings, is for the Deputy Collector's Cutcherry, and I see by certain Proceedings of the Board of Revenue that it is intended to try Vythery experimentally, for one year, as the head-quarters of that official; this, of course, will delay the building of the Cutcherry, and the grant will be available for other purposes. I venture to recommend that it be transferred to the house for the Overseer at Goodaloor, and the work for which I now submit the estimate.

This will give the following :—

From	To
Deputy Collector's Cutcherry ... Rs. 5,440	Overseer's house at Goodaloor... Rs. 2,990
	Store at Luckadie 2,450

and as the grant for the Cutcherry is Rupees 6,860, this will leave Rupees 1,420 available for other purposes.

No. 263. ORDER THEREON, 19th June 1873, No. 1,602.

CIVIL WORKS, No. 18.

THE plan and estimate for a Public Works Store at Luckadie submitted by the Executive Engineer in charge of Wynaad are sanctioned; but the transfer of funds recommended by him cannot be made until final orders shall have been passed in the Revenue Department as to the permanent station of the Deputy Collector of Wynaad.
