*Proceedings of the Madras Government, Public Works Department,
25th August 1873.*

No. 420.

Under date the 25th August 1873, No. 2,124.

ESTABLISHMENT, No. 30.

ON the re-organization of the Department on the 1st December last it was found impracticable, in consequence of the limitation of numbers in each grade, to assign to some officers the positions which they substantively filled on that date, and, although it has been arranged that officers so situated shall suffer no loss of emolument, His Excellency the Governor in Council has reason to believe, from representations which have been made to him, that the recent changes have been looked upon, in this respect, with dissatisfaction by some of the officers concerned. With the sanction of the Government of India it has accordingly been resolved to publish in the official *Gazette* a revised gradation list, in which each officer will hold as a supernumerary the position substantively filled by him at the time of the re-organization; it being understood that in filling up vacancies the officers to whom the positions originally held by them have been conceded shall be considered as actually belonging to the grades in which they were placed on the 1st December last.
