by me at a meeting held for the

2. With the exception of the
Engineering department, the strength
proposed does not greatly differ from
what was sanctioned for the previous
half-year. There are slight increases
in the Agents department and in the

3. The proposed strength of the Engineering department shows a considerable increase, due to the commencement of active operations on the Maddalore line. The establishment sanctioned for the current half-year is well within the general sanctions conveyed by the Government of India.
