Financial treatment of works in connection with the Harbours in the Madras Presidency.
Read :—

Memorandum from Financial Department, No. 438, dated 17th May 1873.

THE Report by Mr. Robertson on Indian Harbours has already been forwarded to the Government of Madras for information with Public Works Department, No. 245-B.C., dated 24th February 1872. The Governor-General in Council has since had under consideration the question of the financial treatment of the works connected with the harbours in Madras, and the conclusions arrived at are—that they should be classed and financially dealt with as purely Provincial or Local works.

2. As regards the harbours themselves there appears to be nothing at present requiring special orders, but the subject is one that the Government of India would commend to the careful attention of the Madras Government. Any improvements that the local Government may desire to carry out, the Government of India would be willing to aid by loans under Act XXIV. of 1871, whenever such aid is shown to be desirable and when good security can be given for repayment of the money with interest.

ORDER.—Ordered that a copy of the above be forwarded to the Government of Madras in the Public Works Department for information.

Copy also to Financial Department for information.
