Sirgooppa	Dry No. 16.	1-31	2 4	65 10 0	100 0 0

REMARKS.—The Puttadar of dry field No. 16 holds acres 9-10 assessed at Rupees 8-5. The portion to be taken up for public purposes is acres 1-31½ assessed at Rupees 1-2-4. The land contains 100 babool trees, and is pierced by an irrigation channel and by a local road leading to the village of Bayavadi. During the settlement made by the Collector of the taluk last year the Puttadar presented a petition praying that he might be allowed to remove the babool trees which grow on the bank of the channel. On a personal inspection of the spot it is found that the babool trees belong to Government, having been planted by them; a portion of the field was taken up for a channel and a portion utilized for the road; but that no compensation was ever given, though this took place many years ago. Considering that the total of the three portions occupied by the trees, the channel, and the road, has to be taken up for public purposes, the Puttadar's request has not been complied with, and he has been informed that he will be remunerated for the loss sustained by him.

The estimated value of the land situated in the neighbourhood is reported to be 50 Rupees per acre, and the sanction of the Board of Revenue for the amount of compensation herein proposed, and which has been agreed to by the Puttadar, is therefore solicited.

Read also the following letter from J. H. MASTER, Esq., Collector of Bellary, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Camp at Ramandrug Taluk, Hospett, 26th May 1873, No. 171.

In reply to your official memorandum, No. 706 of the 20th instant, I have the honour to inform you that the estimated value of the land in question was shown in the statement to be Rupees 65-10-0, with reference to that of the surrounding lands at Rupees 50 per acre. The owner of the land, however, had incurred an expenditure of about 40 Rupees in planting some mangoe trees. For this reason an amount of compensation of 100 Rupees, which he proposed, appeared to be reasonable.

*Proceedings of the Madras Government, Public Works Department,
6th September 1873.*

From the same Officer, dated Bellary, 19th July 1873, No. 236.

IN reply to the Board's Proceedings, Miscellaneous No. 3,729, of the 17th ultimo, I have the honour to inform you that the land taken up for the road referred to is acres 0 cents 75, and the compensation to be paid for it, at Rupees 50 per acre, is Rupees 37-8-0. This may be debited to Local Funds, the remainder 62-8-0 to Imperial.

IN these papers the Collector recommends the grant of compensation, amounting to Rupees 100, to a ryot in Sirgooppa of the Bellary Taluq, whose lands, measuring acres 1-31½ and containing some mangoe trees, were taken for public purposes.

2. The land is now occupied partly by a road, partly by a channel, and partly by babool trees planted on behalf of Government. The Collector has valued it at Rupees 50 an acre, and recommends the payment of Rupees 40 as the value of the mangoe trees which stood on it.

3. The area covered by the road is three-fourths of an acre, and the compensation due at the valuation fixed by the Collector is Rupees 37-8-0. This is accordingly sanctioned from the Road Fund Reserve of the Bellary Circle.

4. The sanction of Government will be solicited for the payment from the Imperial Funds of the remainder, viz., Rupees 62-8-0, being the compensation due on lands occupied by the channel and the babool trees and the value of the mangoe trees on them.

by an inspired Channel and by a local Board leading to the village of Nagasaki. During the adjustment made by the Directors of the Policy last year, the particular handicapped a position believing that the freight be allowed to remain the same as it was in the hands of the Channel. On a personal inspection of the spot it is found that the land has been belonging to Government during these hundred years, a portion of the field was taken up for a Channel and a portion utilized for the road. But that no compensation was ever given things the work has been many years ago. Considering that the fact of the same position, occupied by the land the Channel and the road has to be taken up for public purposes, the particular request has not been considered with and the position informed that he will be recommended for the case indicated by him. The settlement under of the land situated in the Nagasaki district is regarded to the 57th place has now over the sanction of the Board of Revenue for the Government of compensation having proposed and which has been agreed to by the Public is therefore avoided.

Collector

In

In these papers the Collector recommends the grant of compensation amounting to Rs 100 to a ryot in Sir goppa of the Bellary Taluk whose lands measuring acres 1.31 $\frac{1}{2}$ and containing some mango trees were taken for public purposes.

The land is now occupied partly by a road partly by a Channel and partly by babool trees planted on behalf of Government. The Collector has valued it at Rs 50 an acre and recommends the payment of Rs 40 as the value of the Mango trees which stood on it.

The area covered by the road is threefourths of an acre and the compensation due at the valuation fixed by the Collector is Rs 37-8-0. This is accordingly sanctioned from the Road Fund Reserve of the Bellary Circle.

The sanction of Government will be solicited for the payment from the Imperial Funds, of the remainder viz Rs 62-8-0 being the compensation due on lands occupied by the Channel and the babool trees and the value of the

the Mango trees on them.
