*Proceedings of the Madras Government, Public Works Department,
17th September 1873.*

No. 262. Read the following letter from T. MOSS, Esq., Officiating Controller of Public Works Accounts, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Fort. St. George, 23rd August 1873, No. 3,195 :—

With reference to G. O., No. 1,982, of the 9th instant, I have the honour to forward, herewith, for the orders of Government, a copy of letter, No. 956, of the 18th idem, from the District Engineer of Cuddapah regarding Tools and Plant.

2. I beg to state that the course prescribed in G. O., No. 2,257, of the 5th September 1871, is no longer followed, as will be understood by reference to this office circulars marginally quoted, and that in several ranges the distinction between Imperial, Provincial, etc., is

observed in respect to Tools and Plant.

3. Tools and Plant of which the value has been charged ratably to Imperial, Provincial, and Local Funds might well be borne on one general list, but it is necessary that Tools and Plant charged directly to the Capital Account of Irrigation Works should be borne on a separate list, in order that when the articles are transferred to other works or sold as unserviceable credit may be afforded to the proper head.

From G. S. SAGE, Esq., District Engineer, Cuddapah, to T. MOSS, Esq., Officiating Controller of Public Works Accounts, dated Cuddapah, 18th August 1873, No. 956.

With reference to G. O., No. 1,982, of 9th August, ordering certain famine tools should be brought on the books as available for general purposes, I am not quite clear as to its meaning.

2. The above G. O. quotes G. O., No. 2,257, of 5th September 1871, issued whilst I was in England, and which I never saw till now as guide to "existing arrangements." I am not sure I understand its meaning, but if I am right, it means that all tools and plant are to be included in one return, and which will save a great deal of trouble and unnecessary writing also if carried out; I shall feel obliged by your letting me know your opinion, or of obtaining the opinion of Government on the subject.

No. 263. ORDER THEREON, 17th September 1873, No. 2,300.

ACCOUNT, No. 12.

RECORDED with reference to the orders of the 22nd August 1873, No. 2,094, which supersede the orders of the 5th September 1871, referred to by the District Engineer.
