MADRAS RECORD OFFICE.

Government of Madras.

Public works DEPARTMENT.

G.O. No. 112/143	233	Press Mis.
Dated	23.1.	1873.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
23rd January 1873.*

No. 482. Read the following letter from the District Engineer, Godavery District, to the Secretary to Government, Public Works Department, dated Dowlaishweram, 21st December 1872, No. 261 :—

With reference to paragraph 1 of G. O. of the 10th December 1872, No. 2,923, I have the honour to observe the punts alluded to by the Executive Engineer of No. 3 Range are those attached to the canal and river dredges, and not the sea-punts which I wished to replace for the carriage of materials and which must now return to their proper duties with the sea-dredges in the Cocanada river; and as I was well aware of this circumstance, I did not include them in my demands when I based these entirely on what had been in existence for the last two years.

2. The requisition of the Superintending Engineer of the 2nd Division is certainly dated four days later than the Government Order of the 24th October 1872, No. 2,507, but it was made out with reference to Government Order of the 18th September 1872, No. 2,215, so that for more than a month he had been authorized to make the demands, and I therefore pointed out that these had not been properly considered.

3. Soon after Colonel Rundall leaves the district I hope to be able to send in the Central Delta project, when I will enter the two lakhs for the floating stock of the district.

No. 483. ORDER THEREON, 23rd January 1873, No. 233.

ACCOUNT, No. 48.

ORDERED to be recorded.

(True Extract.)

(Signed) G. W. WALKER, Colonel, R.E.,
Secretary to Government.

No 261 District Engineer's Office, Godavari
Dowlaiswaram 21 December 1872

From Lieut. Col. J. Tucker R.E.
District Engineer
Godavari District

To Colonel J. M. Walker R.E.
Secretary to Government P.W.D.
Madras

Sir,

With reference to para. of G.O. of
10th December 1872 No 2223 I have the honor to observe
the points alluded to by the Executive Engineer of Godavari
are those attached to the Canal and River dredges and
not the sea points which I wished to replace for the
carriage of materials and which must now return to
their proper duties with the sea dredges in the Coconada
River; and as I was well aware of this circumstance
I did not include them in my demands when I sent
these entirely on what had been in existence for the
last 2 years.

2. The requisition of the Superintending Engineer
of the 2nd Division is certainly dated 4 days later
than the G.O. of the 24th October 1872 No 2507, but it
was made out with reference to G.O. of the 18th September
1872 No 2215, so that for more than a month he had
been authorized to make the demands, and I therefore
permitted
