Resolution—By the Government of India, Financial Department, dated Simla, 15th August 1873, No. 2,321.

READ—

Letter from the Accountant-General, Punjab, No. 676-M, dated 15th July 1873, reporting that it has been arranged that Assistant Surgeon C. W. Calthrop, whose services have been lent to His Highness the Maharajah of Puttiala, shall pay into the Umballa Treasury only the percentage required to be contributed by him for pension, etc., and observing that in the case of certain officers who have been lent to Native States, the gross salary is recovered by the British Government from the Native States, the net salary (where there is a deduction for pension) being alone paid to the officer ; this course being necessary in order that the Account Office may be able to check leave and pension applications, and also to exercise a check over the allowances to be drawn for.

RESOLUTION.—The practice reported by the Accountant-General, Punjab, of recovering gross salary from Native States is not correct; it is an essential provision of Chapter VII. of the Civil Pension Code that the Government shall have no concern with the payments made to the officers lent or transferred, and the Governor-General in Council, therefore, directs that the practice in the Punjab be discontinued.

2. His Excellency in Council is further pleased to rule that the pay or salary of an officer lent or transferred to a Native State, etc., under the rules in Chapter VII. of the Civil Pension Code, must, in every case, be fixed with the consent of the Government of India, and that the officer shall not accept increase of pay or allowances without the previous sanction of the Government of India. The contribution for absentee allowance and pension required under Section 35 of the Code must, with reference to rule 4 of the section, be made by the officer, and not by the authority under which he is serving.
