G.O. No. 2381	Press
B.P. No. 415, 416	Mis.
Dated 29.9.1873.	195.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
29th September 1873.*

No. 415. Read the following Proceedings of the Madras Government, dated
26th August 1873, No. 2,838, Military Department :—

ABSTRACT.—Approving of a plan and estimate, amounting to Rupees 2,000, for
constructing a Powder Magazine at Quilon.

No. 416. ORDER THEREON, 29th September 1873, No. 2,381.

MILITARY WORKS, No. 14.

COMMUNICATED to the Inspecting
Engineer for Civil and Military Build-
ings, who will ascertain and report

fully as to the nature of the existing building and its defects, and whether the
repair estimate of Rupees 380 alluded to provides for entire removal of these
latter.

2. It would appear to His Excellency the Governor in Council that if a
large massive building exists at the station, whose only defects, viz., want of inter-
nal pittings, bad ventilation, and decayed plastering, can be removed at a moderate
cost, the construction of an entirely new magazine may be dispensed with.

*Proceedings of the Madras Government, Military Department,
26th August 1873.*

Read the following letter :—

No. 427. From Colonel H. O'CONNELL, Officiating Quarter Master General, to Colonel A. C. SILVER, Secretary to Government, Military Department; dated Fort Saint George, 20th August 1873, No. 435-5741.

The Commander-in-Chief having approved the plan and estimate marginally

ENCLOSURES 2.

Plan and Approximate Estimate amounting to Rupees 2,000, for constructing a Powder Magazine at Quilon.

The District Engineer, Tinnevely, considers that it would be far better to construct a new magazine than to attempt to patch up the old building; and the Officer Commanding the Southern District holds the same opinion.

His Excellency the Commander-in-Chief strongly recommends the construction of a new one.

The cost of repairing the old magazine is estimated at Rupees 380.

An extract from a report upon it by the Assistant Adjutant General for musketry is annexed for reference.

noted, I am directed by His Excellency to submit them for the consideration and orders of Government.

2. If approved by Government, it is requested that the papers may be forwarded to the Department Public Works for disposal.

No. 428. ORDER THEREON, 26th August 1873, No. 2838.

Approved.

(True Extract.)

Allicurlov
Secretary to Government.
