Resolution by the Government of India, Financial Department, dated Simla, 31st July 1873,
No. 1,959.

THE Governor-General in Council observes that, of late, sanction has been frequently asked for immediate expenditure for which no provision has been made in the estimates of the current year.

His Excellency in Council desires to remind Local Governments and Heads of Departments that, save for exceptional reasons, such expenditure should not be proposed, and cannot be sanctioned.

Whenever, therefore, a proposition of this kind is made, the fact that provision has not been made for the desired expenditure in the estimates should be prominently set forth, as well as the particular reasons why it is, nevertheless, considered indispensably necessary that the outlay should be immediately incurred, and should not be postponed to the next financial year. Explanations should also be invariably given why the need for the expenditure was not foreseen in time to obtain sanction for its inclusion in the estimates.

In the absence of such special arguments, the Governor-General in Council will, in future, assume that it is intended that any expenditure proposed should have effect from the beginning of the following financial year and not earlier.

ORDER.—Ordered, that a copy of this Resolution be communicated to the several Departments of the Government of India, to the several Local Governments, to the Heads of Departments under the Financial Department, to the Comptroller-General, and to the several Accountants-General and Deputy Accountants-General in independent charge.
