*Proceedings of the Madras Government, Public Works Department,
6th October 1873.*

No. 99. Read the following letter from Colonel F. J. MOBERLY, R.E., District Engineer, Chingleput, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Guindy, 16th September 1873, No. 1,517 :—

THE construction of a Post Office at Chingleput was sanctioned at an estimated cost of Rupees 1,050 in G. O., No. 2,479, dated 3rd August 1868, and the work was carried out to a great extent in 1871-72. At the suggestion of the Postal authorities the cost of certain improvements and alterations was added to the original estimate, which received the approval and sanction of the Deputy Director-General of the Post Offices in India. The revised estimate amounted to Rupees 1,585. By some mistake, when applying for funds at the beginning of this year in the list of incomplete works, instead of applying for Rupees 415 for completing this work, only Rupees 285 were asked by the Range Officer; this amount was granted in G. O., No. 1,803, dated 14th July 1873. I have now the honour to request that the difference, Rupees 130, may be granted to enable me to complete the work.

No. 100. ORDER THEREON, 6th October 1873, No. 2,455.

ACCOUNT, No. 8.

HIS EXCELLENCY the Governor in Council observes that the sanction of the Director-General of Post Offices to certain alterations and improvements to the Chingleput Post Office, involving an excess of Rupees 535 on an estimate of Rupees 1,050 originally sanctioned by this Government, did not dispense with the necessity for a report of the same being made to Government for their approval and with a view to an allotment of funds being obtained. The District Engineer will now submit for information the original and revised plans and estimates, but the work may be completed and the further allotment of Rupees 130 required will be provided from the Reserve for Postal buildings.
