Not to be folded or roughly handled

No. 226. Read the following Memorandum from Lieutenant-Colonel J. MULLINS, R.E., Chief Engineer for Irrigation, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Fort St. George, 19th September 1873, No. 660 :—

THE expenditure up to the 31st March 1873 on the Vennaur Regulators in Tanjore was, when the Budget was prepared, computed at Rupees 1,85,961, and the balance of the estimate, Rupees 11,300, only was provided in the current year's Budget, Item No. 13, Extraordinary. The actual expenditure was however only Rupees 1,74,732, and consequently an additional allotment of Rupees 11,208 is needed. The District Engineer reports also for reasons given by him, which will be submitted to Government shortly, that the Vennaur-Vettaur Regulator will exceed the sanctioned estimate by Rupees 7,866, being 9 per cent. on the estimate* for that individual work, and a little less than 4 per cent. on the estimate† for the project generally. No other excess is anticipated. A further allotment will be needed on this account, making the total to be provided Rupees 19,074, which can be met from the sum of Rupees 50,000 for Tools and Plant, which, by paragraph 4 of the Resolution of the Government of India on the Madras Irrigation Budget for 1873-74, was to be held in abeyance.

* Rupees 87,810.

† Rupees 1,97,240.

No. 227. ORDER THEREON, 15th October 1873, No. 2,521.

IRRIGATION, No. 18.

ORDERED that the Government of India be requested to sanction the further allotment of Loan Funds, required for the regulators for the principal branches of the Vennaur in Tanjore, Item 13 of the Budget of 1873-74.

(True Extract.)

(Signed) G. W. WALKER, Colonel, R.E.,
Secretary to Government.
