No. 252. Read the following letter from Lieutenant W. H. COAKER, R.E., for Consulting Engineer for Railways, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Madras, 2nd October 1873, No. 527 :—

I HAVE the honour to submit an estimate, amounting to Rupees 12,618, of the cost of additional sidings required by the Traffic Department at the Jollarpett Station on the Madras Railway.

2. In forwarding the estimate the Agent and Manager quotes as follows from the Traffic Manager's letter :—

"The probable necessity for additional siding accommodation at Jollarpett has long been foreseen and provided for in the Budget from year to year, but I have been unwilling to incur the expense so long as the traffic could be worked without it.

"The grain traffic from Vellore to Beypore has now assumed such a steady character that it is scarcely possible to work efficiently without additional sidings."

3. The subject was discussed at the last Meeting of the Stores Committee at Royapooram, and I am satisfied that the work is necessary.

4. Funds to meet the departmental expenditure are available from Schedule B. of the Budget Estimate for 1873-74, and the sanction will lapse at the end of the eighth quarter after the receipt of the sanction from Government.

5. I recommend that application be made to the Government of India for sanction to the estimated expenditure of Rupees 12,618.
