No. 414. ORDER THEREON, 24th October 1873, No. 2,606.

ESTABLISHMENT, No. 26.

IT would appear that Corporal Perris of the 45th Regiment having passed the examination for Taluq Overseer at the Civil Engineering College, in May 1872, was posted to the Cuddapah Range, and the Range Officer instructed to recover from him the amounts of his advances, viz., one month's pay, Rupees 60, equipment allowance, Rupees 150, whereof the former sum only has been realized, the latter still outstanding in October when the Superintending Engineer, 3rd Division, recommended that his resignation should be accepted.

2. The Range Officer Mr. Hunter, who had been distinctly informed of the sums due by Corporal Perris on his joining, reported to the Superintending Engineer in November that a sum of only Rupees 3-10-4 remained to be recovered, with reference to which the necessary communication was at once made to the Controller. Not till Mr. Hunter left the range and district in May 1873 did the real state of the case transpire, and as it is clearly through his remissness that all opportunity of recovery has been lost, the Controller is directed to arrange with him for making good the loss to Government by monthly instalments of Rupees 30 each.
