*Proceedings of the Madras Government, Public Works Department,
27th October 1873.*

No. 450c. Read the following letter from Surgeon-Major H. ADAM, Vice-President, Coonoor Municipality, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Coonoor, 1st October 1873, No. 70:—

By authority of Commissioners of this Municipality I have the honour to request that His Excellency the Governor in Council will be pleased to permit the District Engineer to plan a scheme for the water-supply and drainage of Coonoor. The means of this Municipality are very limited, and it is quite impossible for them to secure the requisite engineering skill otherwise. Both projects are most necessary for the health of this station, the population of which is steadily increasing.

No. 450D. ORDER THEREON, 27th October 1873, No. 2,624B.

CIVIL WORKS, No. 24A.

THE District Engineer of the Neilgherries will prepare for submission to Government a detailed scheme for the purification and distribution of the existing water-supply of the Coonoor Bazaar, from the Roman Catholic Church downwards, and for its efficient surface drainage, in the same manner as has been approved for Ootacamund.
