*Proceedings of the Madras Government, Public Works Department,
28th October 1873.*

No. 468. Read the following Proceedings of the Madras Government in the Military Department, dated 29th September 1873, No. 3,201 :—

ABSTRACT.—Approving of the plan, specification, and estimate for a new canteen for the regiment of British Infantry at Cannanore.

No. 469. ORDER THEREON, 28th October 1873, No. 2,633.

MILITARY WORKS, No. 25.

THE Inspecting Engineer for Buildings will report on the estimate for this building (which is observed to be on the standard plan) with reference to the estimate for similar buildings at Bellary and Bangalore lately referred to him for report. It is desirable that there should be some uniformity as to the details of buildings on standard plans, and the Inspecting Engineer would do well to have estimates of quantities drawn out for the guidance of District Engineers and Executive Officers.

2. It would appear from portion of the estimate and from the plan that it was the intention of the local authorities to build the canteen immediately south of the centre of the new barrack block.
