Dated	29-10-	1951/8.3

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
29th October 1873.*

No. 496. Read the following letter from Colonel E. A. FOORD, R.E.,
Inspecting Engineer for Civil and Military Buildings, to Colonel G. W.
WALKER, R.E., Secretary to Government, Public Works Department,
dated Chepauk, 1st October 1873, No. 1,236:—

With reference to G. O., No. 167, dated 24th June 1873, I have the honour to
forward, for the sanction of Govern-
ment, plans and estimates for the under-
mentioned works in the Bellary Dis-
trict:—

4 Plans.
2 Estimates.
2 Specifications.

- | | |
|---|-------|
| (1.) Estimate for covering the reservoirs of the Artesian wells, | RS. |
| providing two cast-iron pumps, and for constructing drains | |
| to carry off the refuse water | 476 |
| (2.) Estimates for altering the seats in the latrines attached to | |
| the European Infantry Hospital to adapt them to the dry-earth | |
| system | 2,140 |

2. Pannel and venetian doors are provided in order to secure uniformity.
Batten doors would answer the purpose, but they would affect the appearance of
the building.

3. The plan and estimate have met with the approval of His Excellency the
Commander-in-Chief.

4. There are no funds available for the work at the District Engineer's
disposal under the head Minor New Works, Military.

No. 497. ORDER THEREON, 29th October 1873, No. 2,646.

MILITARY WORKS, No. 29.

SANCTIONED for immediate execu-
tion, and funds allotted from the Reserve
under "Military."

(True Extract.)

Colonel, R.E.,
Secretary to Government.

To the Inspecting Engineer for Buildings.
" District Engineer, Bellary.

18- August 1874

Report to accompany the Estimate for making certain
alterations in the European Infantry Hospital Latrines
Amount of Estimate Proper ²¹⁴⁰ ~~2134~~ 33

The flooring slabs will be taken up and
asphalted $\frac{3}{4}$ of an inch thick, resting on a bed of
concrete 3 inches thick will be laid down instead.

Teakwood partitions and seats of the des-
cription and dimensions shewn in the accompany-
ing sketch, will be built in the Latrines.

An opening will be made in the partition
walls (both in the upper and lower stories) in the
rear passage, so that the wash rooms and Latrines
in the part of the Hospital lately used by Female
patients may be available. A panel & Venetian
door 4x8 will be built in the opening.

A panel door (3x7) for the sweepers
will be let into the end walls of the Latrines in
the lower story only, none being required in the
Latrines in the upper story, as the present entrance
for the sweepers is in the proper position.

A screen wall of stone in plumb line
plastered, 7 feet long $\frac{1}{2}$ inch thick and 7 feet high will
be built in front of the sweepers entrance to the
