Public works DEPARTMENT

G.O. No.	2661	Press
B.P. No.		Mis.
524-525		
Dated	30-10-	1951/873

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
30th October 1873.*

No. 524. Read the following endorsement of the Inspecting Engineer for Civil and Military Buildings, dated Chepauk, 4th October 1873, No. 1,261 :—

From Captain J. PENNYCUICK, R.E., District Engineer, North Arcot, to Colonel E. A. FOORD, R.E., Inspecting Engineer for Civil and Military Buildings, dated Vellore, 12th September 1873, No. 1,913.

I HAVE the honour to forward, for submission to Government, an estimate, amounting to Rupees 170, for sinking a well in the compound of the Subsidiary Jail at Arnee.

2. The estimate was prepared two years ago; and in the Superintending Engineer's letter, printed with G. O., No. 147, of 17th May 1872, it was mentioned that this well was all that was required to complete the buildings in question, but no orders appear to have been passed on the subject.

3. From the draft of a letter to the Secretary to Government which I find in the office, it appears to have been Colonel Moberly's intention to send up the estimate for sanction in March last, but before doing so he wrote to the Range Officer to ask what amount he could utilize before the end of the year; the Range Officer appears to have mistaken this for a permission to go on with the work, which he did (no expenditure having been incurred), and I never heard of the matter until a few days ago, when the Range Officer wrote to ask for an allotment for completing the work.

4. Lieutenant Bevan reports that the work to the value of Rupees 70 has been done, but no payment made.

5. I am unable at present to suggest any source from which funds can be provided, but this can be decided later in the year.

1 Estimate.
1 Specification.

THE estimate is forwarded for the sanction of Government.

(Signed) E. A. FOORD, Colonel, R.E.,
Inspg. Engr. for Civil and Mily. Buildings.

No. 525. ORDER THEREON, 30th October 1873, No. 2,661.

CIVIL WORKS, No. 32.

THE estimate, amounting to Rupees 170, is sanctioned, and authority is granted for the completion of the work in anticipation of a specific allotment of funds. The District Engineer will report in due course whether the well as deepened affords a sufficient supply of water for the purposes of the Jail.
