*Proceedings of the Madras Government, Public Works Department,
31st October 1873.*

No. 528. Read the following letter from T. MOSS, Esq., Officiating Controller of Public Works Accounts, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Fort St. George, 10th October 1873, No. 4,356 :—

WITH reference to Government Order, No. 2,233, of the 10th September 1873, I have the honour to state that it was certainly irregular to make any increase to the pay of the Apprentices employed at the Chepauk Workshop after issue of the orders contained in Government Order, No. 7, of 2nd February 1871. These

orders were not however communicated to this office, and therefore the increases have been admitted without question in accordance with previous practice, the total pay in each case being within the sanctioned scale, viz., Rupees 25 per mensem.

2. The two men, Marsh* and Clarke,† referred to by Messrs. Grainger and Doderet, ceased to be Apprentices in 1868, and their subsequent employment in the factory appears to have

been in the capacity of workmen, no pay having been drawn for them as members of the permanent establishment since that year.

3. As regards the arrangement under which the peons in the permanent establishment of the Store Department were allowed pay from the workshops, in addition to the sanctioned salaries of their appointments in the Store Department, it seems to me that as the men were employed in watching the workshops without interfering with their duties in the Store Department, there is nothing objectionable in the arrangement, which, in fact, was nothing more than giving extra pay for extra work, the extra work being in a different establishment though under the same officer.

4. From the General Superintendent's explanation it appears that he desired to make the most economical arrangement for the care of the workshops, and that if the arrangement cannot be continued, the employment of two additional peons for the purpose will be necessary.

Two lascars having been added to the Workshop Establishment by G. O., No. 2,262, of 13th September 1873, the addition to the pay of the store peons must cease.
