*Proceedings of the Madras Government, Public Works Department,
4th November 1873.*

No. 49. Read the following endorsement of the Chief Engineer for Irrigation, dated Kunnurupilly, 6th October 1873, No. 716:—
From R. E. NORFOR, Esq., District Engineer, South Arcot, to Lieutenant-Colonel J. MULLINS, R.E., Chief Engineer for Irrigation, dated Cuddalore, 20th September 1873, No. 109.

I HAVE the honour to submit, for early sanction, a revised statement of the Temporary Survey Establishment required during 1873-74 for completing the investigation of the storage in connection with the Pelendorai Anicut Project.

2. In the statement submitted to the Controller on the 5th May 1873, and which, it is observed from his letter recorded in G. O., No. 1,652, of the 25th June 1873, was transferred to you, only Rupees 284 was applied for; it will be now observed from the accompanying statement that a sum of Rupees 354 is already due for the establishment, and that Rupees 75 more is required for September and part of October, by which time the investigation of the project is expected to be finished.

3. Mr. Bell, the late Range Officer, in applying for Rupees 284, expected to complete the investigation and the plans and estimates by the end of June last; in this he appears to have been mistaken. The Supervisor now in charge of the Pelendorai Anicut Project reports that when he took charge he found eight tanks surveyed and roughly plotted, and that he subsequently drew out the necessary plans, etc., for masonry works; all that now remains is a few days' field-work for the cross drainages and the drawing of about 20 more plans in all. These will be completed by the 15th October 1873. Considerable delay in survey operation is also attributed to unusual wet weather we had during the current calendar year.

4. Pending the formal sanction of Government to the continuance of the establishment in this year, I have authorized the Range Officer to disburse the pay due to the same, debiting it for the present to the head "Miscellaneous Advances."

Statement showing the arrears of pay due to Survey Establishment employed on the Storage Investigations of Pelendorai Project, Sub-division No. 3 Range, South Arcot District.
