No. 151. Read the following letter from T. MOSS, Esq., Officiating Controller of Public Works Accounts, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Fort St. George, 22nd October 1873, No. 4,649 :—

With reference to the order of the Government of India embodied in Government Order, No. 663, of 11th March 1872, I have the honour to submit, for the orders of Government, the accompanying papers received from the District Engineer, Godavery, regarding certain charges incurred by Executive Engineer Captain Brockman, for the passage by steamer of his horse from Madras to Cocanada and for shipping and landing it at those ports.

1 Original letter, No. 2,159, dated 11th October 1873, with letter and bill for Rs. 62-11-0 from Captain Brockman, R.E.

From Lieutenant-Colonel J. F. FISCHER, R.E., District Engineer, Godavery, to T. MOSS, Esq., Officiating Controller of Public Works Accounts, dated Dowlaishweram, 11th October 1873, No. 2,159.

I have the honour to forward herewith a bill of charges incurred by Captain Brockman, Executive Engineer in charge of the Eastern Delta Range, in bringing his horse by steamer from Madras, and copy of a letter received from him explaining the circumstances under which he now sends in his claim.

1 Bill.
1 Copy of letter, No. 434, dated 7th October 1873.

2. For reasons stated by Captain Brockman in connection with his transfer to this district, I consider him fully entitled to the charges entered in the enclosed bill ; if you are of the same opinion I trust you will be good enough to pass the bill, and if not able to do so to submit the same for the orders of Government.

From Captain R. R. E. BROCKMAN, R.E., Executive Engineer, No. 1 Range, to Lieutenant-Colonel J. F. FISCHER, R.E., District Engineer, Godavery, dated Camp at Coyairoo, 7th October 1873, No. 434.

In forwarding the accompanying bill for charges incurred in bringing up my horse by steamer from Madras for countersignature and despatch to the Controller of Public Works Accounts, I have the honour to state, in support of the claim therein made, that upon my being ordered to join this district from Trichinopoly with the least possible delay, under the impression that there was no necessity for a horse in this deltaic range for purposes of inspection of works in progress, but that everything was accessible by canal, I left my horses behind me at Trichinopoly without being able to arrange for their disposal. Upon assuming charge, however, of this range, I found it was absolutely necessary to keep up a horse for inspection of the local road works which are now being vigorously proceeded with, so accordingly obtained one for my purposes in the Madras market. In cases of transfer like mine to districts where horses are not always obtainable, Government, in their orders upon the subject, have sanctioned the payment to officers of expenses incurred in taking horses (and tents) along with them. I would point out, moreover, that in my leaving my horses behind me, and obtaining one from Madras, Government have not been called upon to pay the railway fare from Trichinopoly to Madras, or the steamer fare from Negapatam.
