Proceedings of the Madras Government, Public Works Department,
11th November 1873.

Read the following papers:—

No. 172A. From Lieutenant-Colonel P. O'CONNELL, R.E., Officiating Deputy Secretary to the Government of India, Public Works Department, (Account—Irrigation,) to Colonel G. W. WALKER, R.E., Secretary to the Government of Madras, Public Works Department, dated Simla, 8th October 1873, No. 240 A.—I.

In order to admit of the preparation of a revised Budget Estimate for 1873-74, I am directed to request that a report may be furnished showing the probable expenditure on *Extraordinary* Irrigation Works in Madras during the current official year.

2. To the report a memorandum should be added of the probable revenue receipts from Irrigation Works during the year, and a brief memorandum should be attached of any material differences between the figures in the report and the figures passed in Budget orders.

3. No *details* are required, nor need any references be made to Executive Engineers for figures. The *total* probable receipts from Irrigation Works, and the *total* probable expenditure on *Extraordinary* Works is all that need be reported, and these amounts may be arrived at in communication with the Controller on a review of the actual receipts and outlay from Loan Funds during the first six months of the year.

4. No report is required of the outlay from ordinary funds, as that outlay is strictly limited by the grant of the year. But should it be considered that there is likely to be any *short outlay* against the ordinary grant, the Government of India would be glad to receive a report of such short outlay so as to admit of its being made available for expenditure elsewhere.

5. The report should reach the Government of India at Simla by the 8th November next.

No. 754F.

No. 172B. *Note by the Chief Engineer for Irrigation.*

Neither my office nor that of the Controller possesses information on which any reliable estimate of the probable expenditure from Loan Funds during the remainder of the year can be prepared.

Being however at Dowlaishweram, I have ascertained that the expenditure in the Eastern Delta of the Godavery will fall short by three-fourths of a lac of the allotment of two lacs.

2. At present it seems to be likely that the ordinary grant for Irrigation Works will be fully utilized.

IRRIGATION, No. 9B.

SIR,—In reply to the Officiating Secretary's letter, No. 240 A.—I. dated 8th October 1873, I am directed to state that there is no information upon which any revised estimate of the probable receipts from Irrigation Works during the current year can be based; and as regards expenditure on such works from Loan Funds, I am to say that the Chief Engineer for Irrigation has ascertained that Rupees 75,000 may be surrendered from the allotment for the Godavery Delta, and that, regarding works under execution from the extraordinary grant elsewhere, no revised estimate can at present be framed.

I have the honour to be,

Sir,

Your most obedient servant,

Note by the Acting Secretary for Irrigation

Neither any Officer, nor that of the Executive Engineer is authorized to undertake any estimate for the Annual expenditure from Loan Funds during the remainder of the year save the Secretary.

Being however of opinion that the expenditure on the Eastern Delta of the Godavery and the Eastern Delta of the Kistna will be of a like character to that of 2 last years.

I have therefore no objection to the Estimate being framed for submission to Government.

To the Secretary Public Works
Sir,

In reply to the officiating Secretary's
letter, No 8-240 AI dated 8th October 1873,
I am directed to state that there
are no information upon which any
reliable estimate of the probable
amount of the current year can be
given; and as regards extending
the present works from Loan Funds
during remainder of
the year can be spared
from Loan Funds, I am to say that the
Chief Engineer for Irrigation
has ascertained that Rupees
1,50,000 may be surrendered
from the allotment for the
Godavery Delta, and that,
regarding works under execution
from the Extraordinary
grant therewith, no reduction
can be made
