Proceedings of the Madras Government, Public Works Department, 26th November 1873.

No. 383. Read the following letter from Colonel F. H. RUNDALL, R.E., Deputy Secretary to the Government of India, Public Works Department, (Irrigation,) to Lieutenant-Colonel J. MULLINS, R.E., Joint Secretary to the Government of Madras, Public Works Department, (Irrigation Branch,) dated Simla, 11th October 1873, No. 732 I:—

I AM directed to acknowledge the receipt of your letter, No. 2,290, of the 16th ultimo.

2. In regard to the reported inability of the Controller to check the statements of outlay, etc., on distributaries, I am to intimate that the Accountant-General has been addressed, and will issue necessary instructions shortly on the subject to obviate this difficulty for the future.

3. With reference to paragraph 2, I am to say that the request for a proper distinction between canals and distributaries was occasioned by the remark in paragraph 2 of your letter, No. 1,761, of the 8th July, viz., "that many of the so-called canals in the Kistna Delta were really distributaries," and that the Government of India has no desire to interfere with or disturb the existing classification if approved of by the Government of Madras.

4. I am to add that the classification given in the statement which accompanied your endorsement, No. 117, of the 13th January last, appears quite correct as to the definition of the main lines, from which the minor distribution proceeds, and that all channels not entered in column I. thereof should apparently fall under the head of Distributaries.

Sir,

I am directed to acknowledge the receipt of your letter No. 2290 of the 16th ultimo.

2. In regard to the reported inability of the Controller to check the statements of outlay &c. on Distributaries, I am to intimate that the Accountant General has been addressed and will issue necessary instructions shortly on the subject to obviate this difficulty for the future.

3. With reference to para 2 I am to say that the request for a proper

distinction

distinction between Canals and Distributaries was occasioned by the remark in para 2 of your letter No 1761 of the 8th July viz "that many of the so called Canals in the Kistna Delta were really Distributaries" and that the Government of India has no desire to interfere with or disturb the existing classification if approved of by the Government of Madras.

4. I am to add that the classification given in the Statement which accompanied your endorsement No 117 of the 13th January last appears quite correct as to the definition of the main lines from which the minor distribution proceeds and that all channels not entered in Column 1 thereof should apparently fall under the head of Distributaries.
