Proceedings of the Madras Government, Public Works Department, 28th November 1873.

Read again letter recorded in G. O., No. 2,514, dated 15th October 1873.

No. 427. Read also the following letter from R. E. NORFOR, Esq., Officiating District Engineer, South Arcot, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Camp at Tindevanam, 21st October 1873, No. 137 :—

WITH reference to G. O., No. 2,514, of the 15th instant, paragraph 2, I have the honour to report that there is an office bungalow at Pelandorai, but this is 15 miles away from where the instruments were being used.

No. 428. ORDER THEREON, 28th November 1873, No. 2,887.

ACCOUNT, No. 37.

HIS Excellency the Governor in Council observes that the alleged distance of the office bungalow at Pelandorai from where the valuable instruments, which have been lost, were being used is no justification of the means available for their custody not having been taken advantage of when, as it appears, the Overseer had to proceed elsewhere on inspection duty. The District Engineer will instruct all Range Officers to arrange for due precautions being taken to prevent similar losses in future.
