Proceedings of the Madras Government, Public Works Department,
1st December 1873.

Read the following papers:—

No. 11. From Captain H. SMALLEY, R.E., Officiating District Engineer, Ganjam, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Chetterpore, 15th October 1873, No. 38.

I HAVE the honour to apply for additional grants for the current year on the undermentioned works, viz.:—

Original Works, Provincial (Educational), Civil Buildings.

	Now asked for.
Anglo-Vernacular School, Chicacole	Rs. 500

Original Works, Provincial, Civil Buildings.

Improvements to District Munsif's Court-house at Ragunadapur	,, 100

2. The expenditure shown on these works on the 31st March 1873, Rupees 1,477-7-11 on the former and Rupees 300 on the latter, included sums of Rupees 500 and Rupees 100 respectively advanced for timber to the Kimedy Forest Depôt, and which was erroneously called by the Range Officer a *Government* Forest Depôt.

3. The Range Officer made a second error in advancing the money in cash to a Government Forest Depôt so called by him. The Controller accordingly struck the items out of March's expenditure, and treated them as Miscellaneous Advances till the amounts could be adjusted. It having since March been reported to him that Kimedy Forests belong to Kimedy Estate and not to Government, he has directed these amounts be again brought from Miscellaneous Advances and charged to works in this year. There being no funds available to cover the former of these amounts at least, I am necessitated to ask for the additional grants before stated.

REFERRED to the Controller of Public Works Accounts. It seems unnecessary to make any specific allotment of funds this year, or to disturb the mode of adjustment adopted in the accounts of March 1873. The advances are evidently recoverable, and the District Engineer may be requested to take steps for the early realization of the money. In which case, if there be no objection, the Controller will arrange for the necessary adjustment without a special allotment of funds.

(Signed) G. W. WALKER, Colonel, R.E.,
Chief Engineer.

6th November 1873.

No. 12. From T. MOSS, Esq., Officiating Controller of Public Works Accounts, to Colonel G. W. WALKER, R.E., Chief Engineer, Public Works Department, dated Fort St. George, 10th November 1873, No. 5,110.

WITH reference to your remarks on the accompanying letter* from the District Engineer, Ganjam, I have the honour to state that there is no actual necessity to make additional allotments for the works referred to, as the excess (if any) of expenditure over allotments would no doubt be covered by savings on other Provincial works, but the charge for the timber must, all the same, appear against the Budget grant of the current year, the accounts of 1872-73 having been closed.
