No. 63K. Read the following letter from R. SMITH, Esq., District Engineer, Nellore, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Nellore, 29th November 1873, No. 117 :—

I HAVE the honour to bring to your notice that the sum * sanctioned for the extension of the East Coast Canal, in this district, has been nearly worked up to, and to request you will be so good as to let me know, at your early convenience, if a further grant of at least Rupees 10,000 will be available for expenditure on that important communication during the current official year. I make this reference to enable me to give the contractors timely warning to reduce their establishments, but I do hope this will not be necessary as they had to run considerable risks and to execute some very difficult excavation since operations were commenced in June last.
