CIVIL WORKS, No. 1.

His Excellency the Governor in Council approves generally of the revised list of Police Works proposed to be undertaken in 1874-75, as also of the statement of repair grants required for that year; and he resolves to communicate the former to District Engineers with a view to their arranging for the submission of the requisite estimates for works to be carried out by the Public Works Department in time to admit of their being considered and passed before the commencement of the ensuing official year. O. of 14th November 1873, No. 2,697, pending explanation of the circumstances reported in paragraph 3 of the District Engineer's letter recorded with that order. The attention of the Special Executive Engineer, Wynaad, will be drawn to the exceptionally large estimated outlay on the proposed huts at Periah and Panamaram, as compared with that shown to be required for a similar description of building at Ramandroog and on the Neilgherries. The estimates for the works should be accompanied by full explanation of the causes of any excess over the average cost of such structures, in similar localities.
