Proceedings of the Madras Government, Public Works Department, 5th December 1873.

Read the following papers:—

No. 87. From Colonel W. W. GREATHED, R.E., Joint Secretary to the Government of the North-Western Provinces, Public Works Department, (Irrigation Branch,) to Colonel G. W. WALKER, R.E., Secretary to the Government of Madras, Public Works Department, dated Nynee Tal, 28th October 1873, No. 02953 I.C.

I AM desired by His Honour the Lieutenant-Governor of the North-Western Provinces to request you to acquaint His Excellency the Governor of Madras that Lieutenant-Colonel H. A. Brownlow, R.E., a Superintending Engineer of irrigation Works in these Provinces of approved experience, has been directed with the consent of the Government of India to visit and examine the works of Irrigation on the Godavery and Kistna, and I am to request that His Excellency may be pleased to issue such instructions as are requisite to promote the objects of the visit of Colonel Brownlow, who will place himself in immediate communication with the Superintending Engineer, Godavery Division.

No. 798.

No. 87A. *Note by the Chief Engineer for Irrigation.*

I HAVE heard from Colonel Brownlow that he proposes to visit the Cauvery Irrigation as well as that of the Northern Deltas, and I would suggest, therefore, that such orders as the Government may be pleased to issue should be communicated to the District Engineer, Tanjore. It may be well also to let the District Engineer, Chingleput, know of Colonel Brownlow's visit to Madras, as the largest accessible examples of tanks are in Colonel Moberly's district.
