Proceedings of the Madras Government, Public Works Department, 5th December 1873.

No. 105A. Read the following letter from Lieutenant-Colonel J. H. M. SHAW-STEWART, R.E., Consulting Engineer for Railways, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Madras, 20th November 1873, No. 620:—

I HAVE the honour to lay before Government letter No. 366, dated 19th November 1873, from the Collector of Chingleput, giving cover to a communication from the Deputy Collector, in which it is suggested that in order to meet emergent claims for incidental expenses incurred in making over lands to the Carnatic Railway Company, an advance fund of Rupees 500* should be placed at the disposal of the Collector. I approve of the suggestion and recommend it for early sanction.

* To be met from Rupees 80,000 in Budget 1873-74.

From R. W. BARLOW, Esq., Acting Collector of the Chingleput District, to Lieutenant-Colonel J. H. M. SHAW-STEWART, R.E., Consulting Engineer for Railways, dated Sydapet, 19th November 1873, No. 366.

IN forwarding copy of a letter, No. 20 of the 15th instant, from Deputy Collector Vencatesiah, I have the honour to request, as therein suggested, that an advance of Rupees 500 may be placed at my disposal in view to meeting emergent claims for incidental expenses incurred in making over the land to the Carnatic Railway Company.

From C. VENCATESIAH, Deputy Collector, to R. W. BARLOW, Esq., Acting Collector of the Chingleput District, dated Sydapet, 15th November 1873, No. 20.

As already reported to you in my letter of the 24th September 1873, No. 3, there are thirteen pucka houses in the town of Sydapet coming within the proposed Carnatic Railway line. At Pooliyoor also there are two houses. All these will have to be demolished after the 25th of this month, the date fixed for hearing the claims of the parties owning them. By Rule VII. of the Revised Rules for taking up lands for Railway purposes, all expenses for the clearance of the surface are to be borne by Government, and it therefore becomes necessary that we should be provided with some advance fund for payment to the coolies to be employed in their demolition, subject of course to final adjustment on bills of actual charges. I would therefore beg to suggest, for your consideration, the expediency of your applying for the sanction of Government, through the Consulting Engineer, for an advance fund, say Rupees 500, being placed at your disposal for the purpose in question. The materials, etc., to be derived from the clearance will be disposed of in due course to the best advantage. As I have three taluqs to look after in connection with the Railway lands, I propose to entrust the work of demolishing the houses and disposing of the materials to the Tahsildar of Sydapet, and request your instructions on the subject.

No. 105B. ORDER THEREON, 5th December 1873, No. 2,940A.

RAILWAY, No. 19.

THE advance is sanctioned.
