Proceedings of the Madras Government, Public Works Department,
8th December 1873.

No. 138. Read the following:—

No. 49.

Note by the Chief Engineer for Irrigation.

In the letter from the Government of India, communicated with Government Order, No. 2,635, of the 28th October 1873, information is requested as to the cause of the omission of water-rates from the Revenue Accounts of the Madras Irrigation and Canal Company for the half-year ended 31st December 1872.

2. The usual practice is to enter the net revenue derived by the Company by the supply of water in the Revenue Account for the first-half of the calendar year, the amount of net demand being then determined. The revenue for the season 1871-72 was accordingly entered in the Account Current for the half-year ended 30th June 1872. It follows that for the half-year ended 31st December 1872 there was no revenue derived from water-rates to enter. What was entered was merely the revenue derived from miscellaneous sources.
