Proceedings of the Madras Government, Public Works Department, 13th December 1873.

No. 236. Read the following letter from Captain J. PENNYCUICK, R.E., District Engineer, North Arcot, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Camp at Chengadoor, 13th November 1873, No. 2,547 :—

WITH reference to G. O., No. 1,925A, of 31st July 1873, I have the honour to report that I am still of opinion that the Polur Range should be made into a second-class one, but as the immediate effect of the change would be merely to increase the pay of the head and second Accountant at the expense of the third Accountant, the place of the latter being taken by the Draughtsman, who is now employed in addition to the ordinary third-class establishment, I shall be glad if Government can allow me to retain the services of the present third Accountant, Padbanaba Moodelly, in addition to the second-class establishment, until a vacancy, which he can fill, occurs in some other office in the district.

2. The pay of the third Accountant is only Rupees 15, and it is a harsh step to dismiss a man who has served satisfactorily for six years; there is still plenty of work for him, although the office is in a much more healthy condition than when I last wrote on the subject.

No. 237. ORDER THEREON, 13th December 1873, No. 3,007.

ESTABLISHMENT, No. 16.

ACCORDING to G. O., No. 1,925A, of 31st July 1873, it rests with the District Engineer to arrange for conversion of the Polur Range Office Establishment from third to second-class by providing otherwise for the second Accountant who has to make way for a Draughtsman.
