Proceedings of the Madras Government, Public Works Department,
15th December 1873.

No. 247. Read the following letter from Captain A. EDGCOME, R.E., Officiating District Engineer, Bellary, to Colonel G. W. WALKER, R.E., Chief Engineer, Public Works Department, dated Camp at Vencatapuram, 7th November 1873, No. 1,331:—

It is with great regret that I have the honour to report the occurrence of a large breach in the Gootloor tank bank.

2. I have just received the Pennaconda Range Officer's letter containing this information, and shall start tomorrow for Gootloor. Mr. Haddock's report does not contain much information, and he gives as a reason for the breach the fact that water was suddenly let into the central sluice; that the rear cistern was carried away in consequence; that the side walls subsequently fell in, and that then the bank gave way.

3. A full report will be sent to Government after I have made a thorough examination of the tank bank.

No. 248. Order thereon, 15th December 1873, No. 3,013.

IRRIGATION, No. 15.

Recorded pending the submission of the detailed report promised.

(True Extract.)

Colonel, R.E.,
Secretary to Government.

To the District Engineer, Bellary.
„ Chief Engineer for Irrigation.

Exd. S. T. Austin.
