Proceedings of the Madras Government, Public Works Department,
31st January 1873.

No. 652. Read the following letter from the Consulting Engineer for Railways, to the Secretary to Government, Public Works Department, dated Madras, 17th January 1873, No. 32:—

With reference to letter from the Government of India, No. 68 G. R., dated 17th January 1872, I have the honour to submit the Agent's statement* of the approximate receipts, expenses, and profits of the Great Southern of India Railway for the half-year ending 31st December 1872.

* Letter No. 4,873, 15th January 1873.

From the Agent of the Great Southern of India Railway, to the Consulting Engineer for Railways, Madras, dated Negapatam, 15th January 1873, No. 4,873.

Your letter No. 17 of the 10th instant. I estimate that this Company's Revenue Account for last half-year will work out to nearly the following figures:—

	Rs.
Receipts	4,08,000
Expenditure	2,03,000
Profit ...	2,05,000

2. In comparison with the corresponding period of 1871 the receipts are about the same, but a saving of Rupees 27,000 in expenditure is shown in favour of the 1872 period. This saving is partly in the Locomotive Department and partly in the Maintenance Department. During last half-year no conversion to the wooden sleeper road to an iron pot road took place, nor was it necessary to renew any of the tubes of our engines.

No. 653. Order thereon, 31st January 1873, No. 321.

RAILWAY, No. 80.

Ordered that the statement be forwarded to the Government of India.
