*Proceedings of the Madras Government, Public Works Department,
3rd February 1873.*

No. 31. Read the following letter from the District Engineer, Bangalore, to the Chief Engineer, Public Works Department, dated Bangalore, 17th January 1873, No. 903 :—

With reference to your letter No. 15, dated 14th instant, I have the honour to forward herewith a copy of the sketch referred to in paragraph 11 of Captain Wood's letter recorded in G. O., No. 1,933, dated 22nd July 1871.

No. 32. ORDER THEREON, 3rd February 1873, No. 346.

MILITARY WORKS, No. 2.

THE submission of the original sketch which accompanied Captain Wood's letter printed with G. O., No. 1,933, of 22nd July 1871, conclusively justifies the objections taken by His Excellency the Commander-in-Chief to the locality in which the five wells condemned by G. O., No. 144, of 15th January 1873, were dug.

2. The Executive Engineer of Bangalore and Superintending Engineer, 5th Division, took upon them a grave responsibility in departing from the exact sites of the wells originally indicated to Government and approved of by them.
