MADRAS RECORD OFFICE.

Government of Madras.

Public Works DEPARTMENT.

G.O. No.	360	Press
57-58		Mis.
Dated	2 2	18 12.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
3rd February 1873.*

No. 57. Read the following letter from the District Engineer, Godavery District, to the Secretary to Government, Public Works Department, dated Dowlaishweram, 17th January 1873, No. 486:—

As I have not yet been furnished with the nominal roll of individuals to be transferred to the Lower Godavery with the floating stock belonging to the Upper Godavery, promised in the 2nd paragraph of letter from the Officiating Secretary to the Chief Commissioner, Central Provinces, embodied in G. O., No. 2,358-A., dated 8th October last, I have the honour to request I may be informed what I am to do with Captain Barber who is in charge of the Upper Godavery steamers, now as Colonel Rundall, Director-General of Irrigation, has left the district, and the steamer used by that officer is laid up in ordinary for the season.

2. I beg to observe it is very advisable to retain the services of Captain Barber and some of his best men, as there can be no doubt the Godavery navigation must soon again attract attention, and if we lose these men all the knowledge of the river and the experience gained during the last twelve or fifteen years will be entirely thrown away; the cost of this will be about Rupees 300 a month.

No. 58. ORDER THEREON, 3rd February 1873, No. 360.

ESTABLISHMENT, No. 5.

THE Godavery District Engineer will be authorized to retain the services of Captain Barber and some of his best

men in connection with the Upper Godavery navigation works and future coal explorations.

2. It is observed that an appropriation of Rupees 30,000 has been made in the Imperial Budget Grant for next year on account of the Upper Godavery navigation works; and that the Government of India are prepared to increase that allotment, if found to be insufficient.

3. The pay of Captain Barber and his crew for the remainder of the current year can be debited against the sum of Rupees 15,000 for repair of Godavery navigation floating stock, for which an application was made to the Government of India in letter No. 2,849 of 4th December 1872.

(True Extract.)
