*Proceedings of the Madras Government, Public Works Department,
12th February 1873.*

No. 253.

GROUNDS OF PROPOSITION.

THE works entered as Item 1 are represented to be necessary for sanitary purposes, and, as the Government had no funds at their disposal under "Original Works," a transfer from "Repairs" was made.

2. The transfers entered as Items 2 and 3 were made from the Budget grant for compensation to Medical and Military Subordinates on account of house-rent; the former is for the provision of house accommodation for two Medical Warrant Officers, and the latter for the construction of a new Magazine for the stowage of Snider Ammunition at Cannanore.

Item 4.—The scarcity of drinking water is much felt throughout the year at the lines of the Native Troops stationed at Perambore, and it has accordingly been arranged with the Municipality to lay on water to both wings of the Regiment in pipes, with stand-corks conveniently placed, so as to be available to the non-military public also, the Government paying a moiety of the cost.

Item 5.—This sum is required for the completion of the verandahs of the North and South Barracks at St. Thomas' Mount, and has been provided from the same source as Items 2 and 3.
