*Proceedings of the Madras Government, Public Works Department,
13th February 1873.*

No. 278. Read the following letter from the District Engineer, Presidency, to the Chief Engineer and Secretary to Government, Public Works Department, dated Fort St. George, 25th January 1873, No. 3,052:—

In obedience to your endorsement dated 21st January 1873, on my letter No. 2,923, dated 17th January 1873, I have the honour to re-submit, for the sanction of Government, plan and estimate, amounting to Rupees 276, for fixing two iron tar tanks in the new Park attached to the Grand Arsenal in the Fort, which have now been approved of by His Excellency the Commander-in-Chief.

1 Plan.
1 Estimate (Abstract).

2. The tar which it is intended to store in the tanks is now contained in ordinary wooden barrels, and great loss accrues on account of leakage.

3. The plan and estimate were prepared at the request of the Commissary of Ordnance in charge, and duly approved of both by that officer and the Inspector-General of Ordnance and Magazines, and the work has been put in hand in anticipation of the sanction of Government to the estimate.

4. I beg therefore that funds may be granted from any source at the disposal of Government.

No. 279. ORDER THEREON, 13th February 1873, No. 463.

MILITARY WORKS, No. 15.

SANCTIONED. Funds will be provided when District Engineer's statements of savings and demands come under review.
